

An abstract graphic design featuring a dense cluster of blue and yellow triangles of various sizes, some overlapping, set against a black background. The triangles are arranged in a way that suggests movement or a dynamic shape, possibly a stylized letter or a map. The overall effect is bold and modern.

Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous?

Actually, who are you not to be?

We are all meant to shine, as children do. As we are liberated from our own fear, our presence automatically liberates others.

"Your time is limited, so don't waste it living someone else's life. Don't let the noise of others' opinions drown out your own inner voice. And most importantly, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary."

-Steve Jobs

The background is a dark blue gradient. It features several triangular photo cutouts of students. At the top left, a boy waves. Below him, a girl looks down at her work. To the right of her, a boy uses a power drill. In the middle left, a girl smiles at the camera. At the bottom center, a boy with a bandana and glasses looks forward. To his right, a girl is partially visible, and below her, another girl looks towards the camera. Large, abstract splatters of yellow and white paint are scattered across the page, particularly around the text and photos.

Hard work is the key to success, so work diligently on any project you undertake. If you truly want to be successful, be prepared to give up your leisure time and work past 5 PM and on weekends. Also, have faith in yourself. If you come up with a new idea that you believe in, don't allow other people to discourage you from pursuing it.

In Loving Memory of

We thought of you with love today, but that is nothing new
We thought about you yesterday and days before that too.
We think of you in silence, we often speak your name.
Now all we have is memories and your picture in a frame.
Your memory is our keepsake, which we'll never part .
God has you in his keeping we have you in our heart.

Mr. Bertelsen

Clubs & Superlatives

To take up your time willingly for a club in your school is a great deed indeed. Help your community and your community will help you.

Each person is who they are. You know they are who they are when other people deem them who they are. Don't try to be anything you are not because it will fail in the long run.

STUDENT LIFE

"There comes a time when you have to stand up and shout: This is me damn it! I look the way I look, think the way I think, feel the way I feel, love the way I love! I am a whole complex package. Take me... or leave me. Accept me - or walk away! Do not try to make me feel like less of a person just because I don't fit your idea of who I should be and don't try to change me to fit your mold. If I need to change, I alone will make that decision. When you are strong enough to love yourself 100%, good and bad - you will be amazed at the opportunities that life presents you."

Salutatorian

Raisa Garcia is Bloomfield Tech's Class of 2011 salutatorian. She has a 3.9 grade point average out of a 4.0 scale. She aspires to study business at either Rutgers Newark or New York University to be a successful accountant. Born and raised in Newark, New Jersey, Raisa loves to travel and go shopping. She is a delightful and generous person who always keeps a smile on her face.

Sports

The way a team plays as a whole determines its success.

You may have the greatest bunch of individual stars in the world, but if they don't play together, the club won't be worth a dime.

Fun

High School isn't about how many tests you pass or the number of classes you take. Its about the life long friends you meet. The inside jokes, the teary eyed laughs, and the unforgettable moments. From learning our way around as freshman, to running the school as seniors. There's more to school than academics... its about having fun

Camp Bernie

“Coming together is a beginning. Keeping together is a process. Working together is success”.

New York City Trip

In New York, concrete jungle where dreams are
made of, there's nothing you can't do,
Now you're in New York, these streets will make
you feel brand new, the lights will inspire you,
Let's hear it for New York.

-Alicia Keys 67

Car Wash

'Fun is a state of mind. If you have a zest for life, you will never miss out on fun. Don't be uptight all the time. Drop your worries and just learn to chill-out.'

HALLOWEEN Festival

"When witches go riding,
and black cats are seen,
the moon laughs and whispers
'tis near Halloween". 71
