The Spartans

Taking our first steps to a place unknown
We enter a realm that four years we'll call "home"
Greeting the man that will look over us
Saying "Good Morning, Swiping your ID is a must"

Some of us float in like Social Butterflies,
While others keep their heads down and hide
We were the class that began our mornings with fights
But won our pep rallies that made us right

Sophomore Year, that's how it started
Transfers and expulsions had us parted
As we grew smaller we became stronger
New friendships that will hopefully last longer

Junior Year we thought we were grown,
And our HSPA scores made our smarts known
This was a vital time in our lives
Slowly time flies,

These are the days we've anticipated for twelve years
Our big day will be filled with tears and cheers
The bond we've built from so many activities,
Now we enjoy each and every festivity

We have grown together as a family
And hope these memories last infinitely

With this, in the future the past will be seen

CHEERL

2013 cheerleading season was one of the best for us out of all my four years being here. My team worked super hard to get where we are now. Being apart of so many competitions made us excited and gave us a goal. The experience will be a memorable one for me. After going to so many competitions getting 5th, 3rd, and 6th but not 1st place, we finally did it. When we participated in the Parsipanny competition we had a good feeling about this one, and we finally got 1st place!! This was exciting for us because it was the last competition of the year and we FINALLY came in 1st place.

"I'm glad to observe the hard work these girls put in and I'm happy to have been apart of this team."

"They have the big bodies to intimidate, change or alter your shot," Secaucus coach John Sterling said. "I didn't want to take as many jump shots as we did early in the game, but if they are packing it in and are too big for you, you have to kick it back out and hit a couple of those outside shots. I know we had a couple of shots roll in-and-out, but they made some big shots and we didn't."

LIFE
BEGINS
HERE

I have deeply enjoyed these past four years at Bloomfield Tech. My high school experience has prepared me for the adventure that I plan to embark on. The positive interaction with the students and staff here at BT has inspired me to continue to pursue my goals. With the support of my teachers, I have been able to excel academically and with the invaluable friendships that I have gained, I have propelled socially.

After graduation I plan on studying towards an MBA in Accounting, and being in the Pre-Law tract. Ultimately, I would like to pursue a career as tax attorney.

Lastly, I wish the best to everyone in the graduating class of 2013. We all have the power to be very successful and influential. Use your talents to become motivating forces in this world.

May the best of your past be the worst of your future.

GPA
4.14

In the near future I plan to either study Environmental and Business Economics at Rutgers University in New Brunswick or Economics at the University of Pennsylvania. I'm hoping my undergraduate major will guide me to deciding the career I'll take up.

It hasn't always been easy to maintain my rank due to the high pressure that others place on me to succeed. However, I chose to continue pursuing success for my own benefit.

A challenge has been juggling schoolwork and extracurricular activities, mainly volleyball and softball. I have learned time management is key in maintaining my rank. I don't really study. My photographic memory helps me to picture words as they are arranged on a page, which helps me remember key information.

SOCIAL NETWORKS

In 2005, MySpace rose to popularity paving the way for social networks to come such as Facebook, Twitter, Instagram, and Tumblr.

SMARTPHONES

By Freshman year, smartphones took the place of flip phones. iPhones, Blackberries, and Androids are now very popular. Smartphones are basically the only phones on the market.

SKINNY JEANS

By 2009, skinny jeans became a mainstream fashion trend for both men and women. Slim fitting pants for years slowly gained popularity. For women, skinny jeans were already common for a long time and were often paired with flats or Uggs. Skinny Jeans are still very popular today and show no signs of going away anytime soon.

G-SHOCKS

G-Shocks rugged look was very trendy our freshman year and still are. They come in a plethora of colors and styles.

MOHAWKS

The mohawk hairstyle is a very bold and daring look for men and women. They're usually sported by those demand attention or are going for a unique look to stand out.

TRACK JACKETS

Adidas track jackets were very much "in" for a good few months. Everyone was wearing them.

DENIM JACKETS

It seemed as if every few months a new jacket came back in from the past and the Denim Jacket was next. In 2010, the Denim Jacket was a more cropped, modern style.

LEGGINGS

Leggings are a type of skin-tight clothing covering the legs, which are usually worn by women. Leggings are often the cause of girls getting in trouble in Bloomfield Tech.

2011

2012

PANDORA

Pandora is an internet radio and mobile music player. Pandora uses automatic systems to play music familiar with the artist or song searched.

SNAPBACKS

Back in the 90's snapbacks were very popular within the west coast hip-hop scene. In 2011, snapbacks made a very strong comeback and are here to stay along with fitted caps.

BUTTONS

Buttons and Pins became so popular in 2011 the Yearbook committee sold buttons to fund raise. The whole BT family eventually began wearing buttons

DENIM SHIRTS

Denim shirts could not have come back at a better time for us BT students being that 2011 was our first year of uniform.

FOAMPOSITES

Foamposites became so popular with teenagers and young adults that Nike designed roughly 25 color ways since it's mainstream rise. "Foams" were created in honor of former Phoenix Suns guard, Penny Hardaway. This was key in some sneaker heads' collections.

TOMS

One for One Movement: A pair of shoes are given for each shoe bought. Toms became so popular because of it's cause, low prices, and they go well with skinny jeans

SPIKES

Spikes became popular through Christian Louboutin's signature red bottom shoes. Other clothing brands then caught on to the style and incorporated spikes into their clothing. People also add them themselves.

RED HAIR

For years red hair slowly but surely became a mainstream trend. By 2012 more and more female celebrities have rocked the red hair. Demi Lovato, Ariana Grande, & Lindsay Lohan have made this look popular

I hope that one day my creative contribution to this book takes me a step further in my career as a graphic designer. I hope that one day in the future I can look back on the choices we made in this book and learn from them. I hope that everyone that lays eyes on this yearbook appreciates our designs. This book would not be what it is without this team of designers. I put my all into every single page I designed, not for a grade but for the love of doing what I enjoy.

The yearbook. I still can't believe we actually pulled it through. It started off as work but over the past couple of months it became more than that. In the future when I look back on highschool I'll smile and be proud of myself for my contribution and dedication in designing it. Ofcourse there were times where our yearbook advisor didn't exactly agree with our ideas but we each learned to compromise take what she said and tie it into making our work even better.

Thank you for everything Ms Morales

Nick

Creating the yearbook allowed me to express my feelings towards my senior class through art. Working on the sports section allowed me to work on something I would like to do in the future, sports illustration. I would like to thank my yearbook team for sticking together through rough times. I don't think I would've been able to complete my pages without their support. I will forever remember my friends at Bloomfield Tech. Hopefully I will take a look at my yearbook in 30 years and remember all of the good times like it were yesterday.

Welcome to the best day of your life. Explore further. Wander on. Go do. Adventure. May you always do what you are afraid to do. Give up, try again. Inspiration has drawn me to be creative. This yearbook made progress and thanks to these guys next to me, I wouldn't of done it without them. May you never forget what is worth remembering nor ever remember what is best forgotten. Best wishes to the Class of '13.
