

BLOOMFIELD TECH

noun. A crippling disease that strikes high school seniors. Symptoms include: laziness, an over-excessive wearing of track pants, old athletic shirts, sweatpants, athletic shorts, and sweatshirts. Also features a lack of studying, repeated absences, and a generally dismissive attitude. The only known cure is a phenomenon known as Graduation.

STAFF ACULTY

Congratulations to the class of 2014. You have been a special group in my heart since your freshmen year and I am proud to see how you have become fine young people ready to leave Bloomfield Tech and make the world a better place. You've been able to understand the importance of having an education, but also the importance of having a sense of enjoyment. I want to wish you the best for your future. I know all of the members of the class of 2014 are going on to do great things. Please Keep BT and the Spartans in your heart.

Valedictorian

I have learned a lot about life during my past four years at Bloomfield Tech.Hopefully, they will prepare me for the next four years. After graduating, I plan to pursue a Bachelor of Science in Computer Science. Depending on my interests during my next four years, I plan to be a software engineer or computer programmer. Ultimately, I plan to form a technology startup company. I would like to thank my family for all of their love and moral support. Without them, I would not be the person I am today. I wish the best of luck to everyone in the graduating class of 2014. As Harvey Mackay said "A great accomplishment shouldn't be the end of the road, just the starting point for the next leap forward."

Daniel Barron

My high school experience has prepped me for the next level of education and the years to follow. It has helped me grow as an individual and learn more about life. After graduation, I plan to pursue a Bachelor of Arts in History. Ultimately, I would like to pursue a doctor of Philosophy in one particular field of history and become a college professor. I would like to thank my family for their support and encouragement. I would not have been able to do it without all of the support. I wish the best of luck to everyone in the graduating class of 2014. In the words of Bill Cosby, "In order to succeed, your desire for success shouldbe greater than your fear for failure.

This is our first year with a girl's soccer team. It was a rough start because many of the girls were beginners. As we went along in the season they began to progress. We didn't have many wins, but the team enjoyed it to the fullest. I'm looking forward to next season when we are more experienced and hungry to win.

- Coach DellaVolpe

As a first year team, the Spartan's Girls Soccer Team at Bloomfield Tech High School is where we bring a high level of expectation in teaching and improving fundamentals of the game. This is where our participants become successful student-athletes, and where commitment and persistency are core attributes of our players. Our mission for the tem is to develop and deliver quality athletes by promoting a fun and positive environment based upon mutual respect, rather than a win-at-all-costs attitude and also to instill good sportsmanship. As coaches, we make the extra effort to understand and offer positive, instructional and encouraging help to our players, rather than use negative criticism. This approach builds a positive team spirit, promotes the physical development, mental growth, and moral character of our student-athletes while strengthening the love of soccer.

The 2013 Bloomfield Tech Soccer Team finished the season with a final record of 16-6-1. Miguel Orsoto, Douglas Tobora and Romerio Henry were awarded first team all-conference honors while Giovanni Betancourt, Mario Gonzalez, and Joshua Carballo were awarded second team. Octavio Chaves received honorable mention. David Torres should also be acknowledged for his defensive play and strong leadership. The team would like to thank the efforts of it's seniors for their hard work and dedication.

The boy's soccer team had one of the best, if not the best, season in Bloomfield Tech's history. We had many great individual and team achievements. I am very proud to say that I was a part of this year's team.

I I BALL

Despite their inexperience, all members of the team made great strides and built their skills as they faced many opponents. Even though they played in one of the most difficult divisions in the conference, they constantly proved their competitive spirit and tenacity. These Spartans managed to keep the scores close by pushing their opponent to their limit and forcing them to fight for each point. These Lady Spartans are winners!

Being a part of the Bloomfield Tech basketball family has been an amazing experience. We really did great things this year and surprised alot of people. Playing basketball at Bloomfield Tech gives me a sense of pride and being team captain gave me great responsibility and honor. This year's team has went the furthes in the State tournament since the 2004 Group 1 championship team. From this point on we can only get better!

basketball four the last four years has brought practice, doing the right things, and basic-

ally just being a role model. When you spend that flicts, but that only brings you closer. It starts to create more of a bond. The case for me, was that they racked my nerves, but I couldn't ask for better teammates and sisters. Now, there is college next fall and I will be a pride at Hofstra University. I guess I can say I have played basketball my whole life and I won't stop anytime soon. It sucks that I won't be returning in a blue and gold uniform, but hey, once a Spartan always a Spartan.

"Softball become more than just a game to me from the very beginning. It was my sanctuary. Freshmen year was pretty rough due to a fire that affected my family. I decided to do something positive to keep myself grounded and optimistic. To me the only thing left was sports. I remember trying out for softball and asking a fellow teammate 'Why in the world would they call it softball when the ball is so hard.' There were many times each of us girls got hit during practice. Playing alongside these wonderful ladies who are more like sisters than anything else, was the greatest experience. The sense of unity and the level of trust on the field gave me a newly found confidence. We will forever be lady Spartans!!!!!!!"
