Essex County Vocational Technical Schools Bloomfield Tech Campus

Dear Parent/Guardian:

It gives me great pleasure to inform you that your child has been accepted to the Bloomfield Tech Campus of the Essex County Vocational Technical Schools starting with the 2012-2013 school year. I know you have choices in selecting the high school for your child and I want to thank you for considering Bloomfield Tech as the school where your child will receive a valuable high school education. I am looking forward to your child joining us as a member of the Class of 2016. If you want to accept this offer of admission you must contact the school by calling 973-412-2255 or by emailing crussomano@essextech.org before 1:00 pm on May 12.

The school district is offering a unique opportunity this summer for our incoming 9th grade students. The Ninth Grade Summer Enrichment Program consists of English and Math. This year the program will take place from Monday through Friday from 8:30 am until 12:45 pm and will begin on July 5 and end on August 5. The location of the program will be at our Newark Tech Campus, which is located at 91 West Market Street in Newark. This program is optional for your child; however I strongly recommend the program. This program has been very successful in the past and has provided new students an opportunity to meet fellow classmates and teachers before September. If you have already planned a vacation that falls within the period of the program, arrangements can be made for your child to still attend the program. If you want your child to attend the program please let us know when you confirm his or her offer of admission.

Once again, thank you for considering Bloomfield Tech and please confirm your child's offer of admission before 1:00 pm on May 12. Additional information concerning registration and orientation will be sent once you have confirmed your child's acceptance of admission. All medical information such as a copy of your child's immunization record and original physical form must be received by August 8. Failure to supply medical information by this date will result in the withdrawal of admission for your child. If you have any questions at this time please contact our guidance office at 973-412-2255.

Sincerely,

Eric Love
Principal

Class of 2016 Seniors

SPORTS

Mr. Eric Love
Principal

I want to congratulate Bloomfield Tech's Class of 2016 on reaching this tremendous achievement of graduation. You have all grown as individuals during your four years at Bloomfield Tech and have gained a valuable education that will last forever. Each of you had the potential for greatness and I know you are ready to be the future leaders of our country and an ever-growing global society. I understand that you have waited very long for this time to arrive. You have been an enjoyable class and I will miss you all. I want to wish you the best in whatever endeavor you choose to take on in the future. As you move through life please remember to keep a good sense of humor and to remember the Spartans of Bloomfield Tech. Please value the experiences that you have shared with your fellow classmates and others here at Bloomfield Tech. Once again, I wish all of you the best and congratulations

- Eric Love
Bloomfield Tech Class of 1981

Mr. Daniel Romano
Vice - Principal

Bloomfield Tech has been my home for the past 23 years. Over that time I've seen our school grow to be one of the finest in the state. The formula is a simple one: Great students, guided by great families, led by a caring and dedicated staff.

As I complete my first year as Bloomfield Tech's Vice Principal, my emotions are many and varied. I've missed the daily interactions within my classroom with so many fine students, but at the same time I've enjoyed getting to know all of our wonderful seniors, the class of 2016. I'm proud to have been associated with so many of our young adults and can only hope that I have had an impact on your development. My wish is that you leave Bloomfield Tech having learned not only academically, but that you grow to become a better person, with good character who can become a great leader of our society.

Bloomfield Tech will always be your home and you will always be a part of our family. Come back often to say hello, to fill us in on your exciting journey and just to let us know how you are. Be a leader, continue to make great decisions and most of all, be happy.

I wish you, the Class of 2016, the very best of luck.

Adventure Begins”

Dr. Seuss once said, "Be who you are and say what you feel, because those who mind don't matter and those who matter don't mind." As our high school journey comes to an end, we now see whom our true friends are. They say that you forget half the people you went to high school with. Well, I say that doesn't have to be true. We have the power to make these friendships last a lifetime. Those who matter will be worth it.

GPA 4.366

Nana-Yaa Bawuah

VALEDICTORIAN

SALUTATORIAN

Sherida Hinckson GPA : 4.343

I learned a lot in 4 years, but my biggest lesson has been about time.

We were all given the same 4 years, and during that time we individually accomplished our own things.

Some more than others, but everyone did nonetheless. I appreciate this time that we've spent together, even more so now that it is a memory. We should all be very proud of how far we have come and excited for what both time and the future hold.

I'd like to leave you with a quote by Michael Althauer:

"The bad news is that time flies. The good news is that YOU are the pilot." Use your time wisely.
