A large graphic of a pyramid composed of the word 'SENIORS' repeated many times, set against a dark background with white speckles. The pyramid is formed by multiple rows of the word, with the base being the widest and the top being a single point. The words are arranged in a way that they appear to recede into the distance, creating a strong sense of perspective. The background is black with numerous small white dots, resembling a starry night sky or a textured surface. The overall effect is one of scale and repetition, emphasizing the word 'SENIORS' as the central theme.

REMEMBER WHEN

Remember when Marquise first came to the Tech with his big hook head.
Remember when David Torres had that black eye from a baseball game and they named him "Petey".
Remember when Mrs. Dickerson started losing weight.
Remember when Carlton Curtis did a front roll and almost broke his neck.
Remember when George and Antonio were running to lunch and Pat gave them detention.
Remember when in 9th grade year the class 9-1 had a snowball fight.
Remember when Ferguson came to school as a "Playboy" bunny for Halloween.
Remember when Marquise got hit with the bathroom door and had two fat lumps instead of the one big one that he can't do anything about.
Remember when Lynn cut her stockings into knee highs in freshman year.
Remember when Newark Tech girls basketball team won their first game.
Remember when Mrs. Campi fell in the hallway because her heels were too high.
Remember when Cheryl Mack was shot out over Darnell Henry.
Remember when Newark Tech beat Central in basketball.
Remember when a mouse came out of a hole in Mr. Rogers class and scared everyone.
Remember when Catrina Jett and Lynae Jenkins were in such a hurry to get out of Tech and came right back within a month.
Remember when Dwayne Gibbs broke his foot in machine shop.
Remember when Tino wore his Calvin Klein's "Three" times in one week.
Remember when Mary Garner could never get over Lewis Crawford.
Remember when Marquise caught the 34 bus in front of the school to New Hope Village because he was scared to help Darnell Henry.
Remember when Mary Garner use to come to school with runs in her stockings.

CAN YOU IMAGINE

Can you imagine Mr. Gary with a ten inch afro.
Can you imagine Cynthia Howard not making a complete "#*#*" of herself all the time.
Can you imagine Mr. Pizzi in a pair of bikini briefs.
Can you imagine Lynn Williamson minding her own business.
Can you imagine Rodney Smith being loud in class.
Can you imagine Carolyn Gray gaining any weight.
Can you imagine Mrs. Johnson not giving dictation.
Can you imagine Ms. Stephens at 120 pounds for one day.
Can you imagine Seth Jackson coming to school on time.
Can you imagine Mrs. Johnson in a pair of high-top converses & a mini skit.
Can you imagine Mr. Sizkura with normal ears.
Can you imagine Mr. Gary with ugly women.
Can you imagine all teachers pushing more homework and in fact getting it done by students.
Can you imagine Denise Bass not saying "He's just a friend."
Can you imagine Carlton Curtis on the Basketball team.
Can you imagine Gregory Ferguson ever having any dominant male qualities.
Can you imagine Mary Garner saying she doesn't like Lewis Crawford and really meaning it.
Can you imagine Mr. Pizzi not giving detention.
Can you imagine Mr. Rogers not telling someone off.
Can you imagine Jacqueline Lambert wearing a real pair of leather shoes.
Can you imagine Cynthia Howard being quiet.
Can you imagine Lewis Crawford running a marathon followed by Mary Garner.
Can you imagine Newark Tech having their own auditorium and gym facilities.
Can you imagine Isaac Robinson not flirting with all the girls.
Can you imagine Derrick Green wearing some decent clothes.
Can you imagine Troy on a diet.
Can you imagine Carlton Curtis slim & trim.
Can you imagine Marquise Carter losing a game and not getting mad.
Can you imagine Cheryl Mack without her Georgetown jacket.
Can you imagine Elizabeth Cardona coming to school for a whole week straight.

LAST WILL AND TESTAMENT

We, the Senior Class of 1987, leave Newark Tech a woody going out of the door with our diplomas in our hands.

I, Isaac Robinson, leave the underclassmen no respect.

I, Cheryl Mack, leave Mr. V. Williams a year's supply of chewing gum.

I, Darryl Jackson, leave Mr. Szikura my ears.

I, Karriem Abdul Ahad, leave Mr. Szikura a muzzle.

I, Anita Pickett, leave Mr. Gerard a new suit.

I, Stanley Lee, leave my popularity and my attractive body to Hope Ellis.

I, Paula King, leave Miss Appel my fabulous body and a great sense of humor.

I, Keith Royal, leave Mr. V. Williams a real leather bag.

I, Eric Wilson, leave my Fame and Glory.

I, Lynn Williamson, leave a new sweat suit to Mr. Johnson.

I, Angel Randall, leave all my love to the best Senior Class of Newark Tech.

I, Tino Holsey, leave Ms. Stephens a Jane Fonda Workout video cassette.

I, Jacqueline Falana, leave a better lunch program.

I, Lawrence Floyd, leave my uniform to Mr. Gary.

I, Antonio Cruz, leave all the mentors a remembrance of an excellent student ME.

I, Sharndell Avery, leave Mrs. Johnson a great steno class as the class of 87 had.

I, Sharinda D. West, leave Mr. Pizzi two cut slips and a notice to leave the building.

We, The Senior Class of 1987, leave Newark Tech the wonderful memories of the BEST SENIOR CLASS!!!!

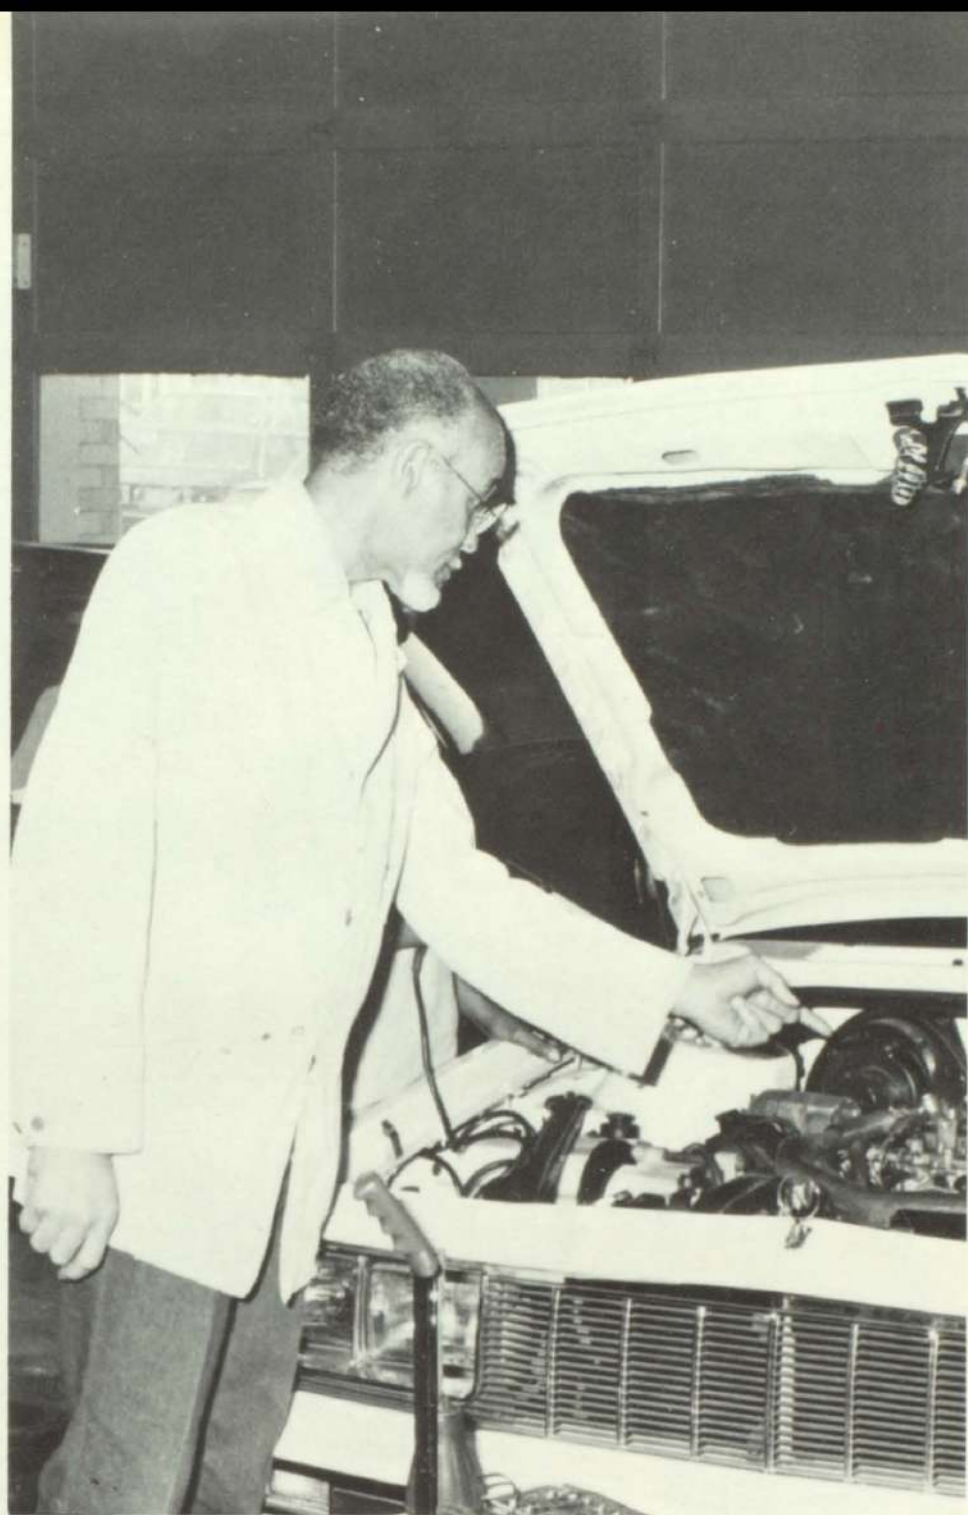

A large, stylized graphic of a Christmas tree. The tree is composed of the word "SHOP" repeated many times in a triangular arrangement. The words are white and set against a dark, starry background. The tree is centered and occupies most of the frame. The words are arranged in a way that they form the branches and trunk of the tree. The background is black with small white dots representing stars. The overall effect is a festive and commercial holiday-themed image.

AUTO BODY

Auto Body consists of all the skills necessary to attain an entry level job in the trade. These skills include, welding, brazing, cutting, minor collision repair, painting in both acrylic enamel, and acrylic lacquers.

AUTO REPAIR

The students learn to repair and service light delivery trucks. The training involves the disassembling and overhauling of engines, transmissions, clutches, rear ends, front end suspensions and other units. The student is trained on bench operations such as filing, soldering, reaming, and drilling and are given instructions on front wheel alignment and brake lining.

BEAUTY CULTURE

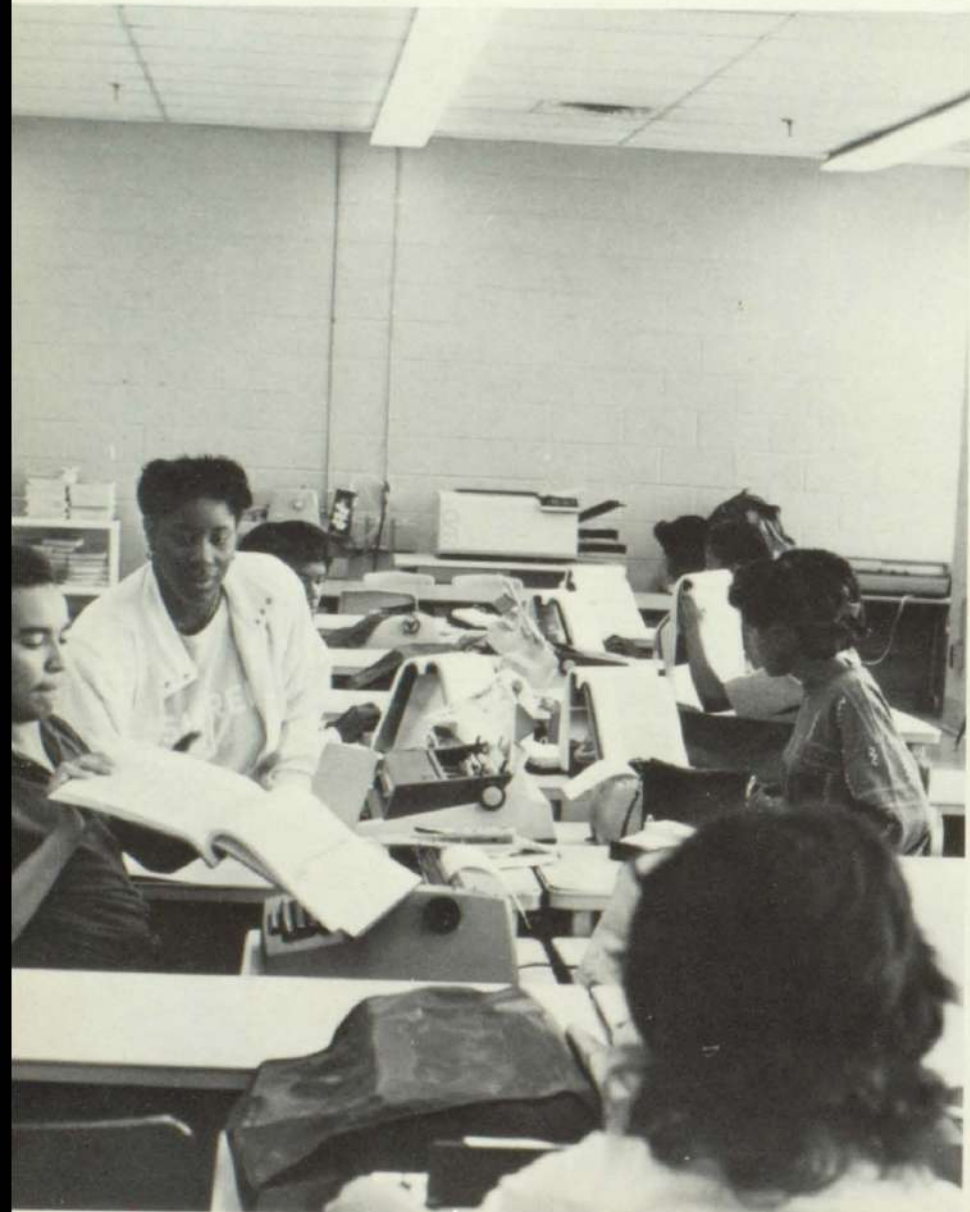

The students are taught all branches of cosmetology in the field. They learn care of equipment, shop cleanliness, care and knowledge of skin, manicuring, hair waving, hair cutting, massage practice and sterilization. The students practice the skills weekly on patrons in the Beauty Culture Clinic. This course prepares students to take the state examination for licensure.

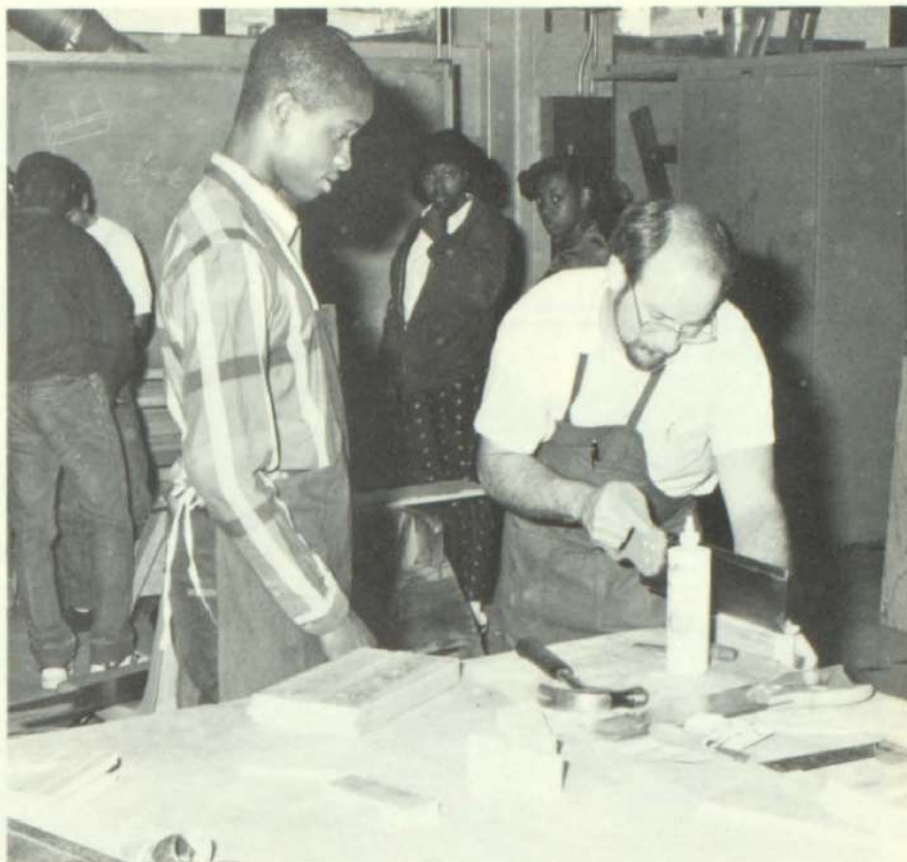

BUSINESS

The students are trained in general business courses that include clerical skills, business machines, office procedure, and data processing. The students develop competence in clerical office procedures including typing, filing, office practice, and calculating machines. Students are prepared to meet the standards of accuracy and speed required in business. In addition to these regular subjects, the student becomes familiar with vocabulary of the business field and technical work. The course also furnishes the student with a solid introduction of data processing equipment and computer practices.

CARPENTRY

The purpose of this course is to train students to become competent in all phases of house building from rough framing, roofing, fine interior trim, sheetrocking, cabinet building and installation, and window and door fittings. Students are given thorough instruction in all technical phases of the carpenters job such as reading plans, making details from architects drawings, estimating, roof framing and stair building. They are also taught how to operate woodworking machinery used by the carpenter.

DATA/WORD PROCESSING

DATA PROCESSING - The Data Processing Course teaches data communication concepts, computer software, computer files, and EDP processing methods.

WORD PROCESSING - The Word Processing Course teaches communication skills and language mechanics concurrent with instruction in the operation of the Word Processor.

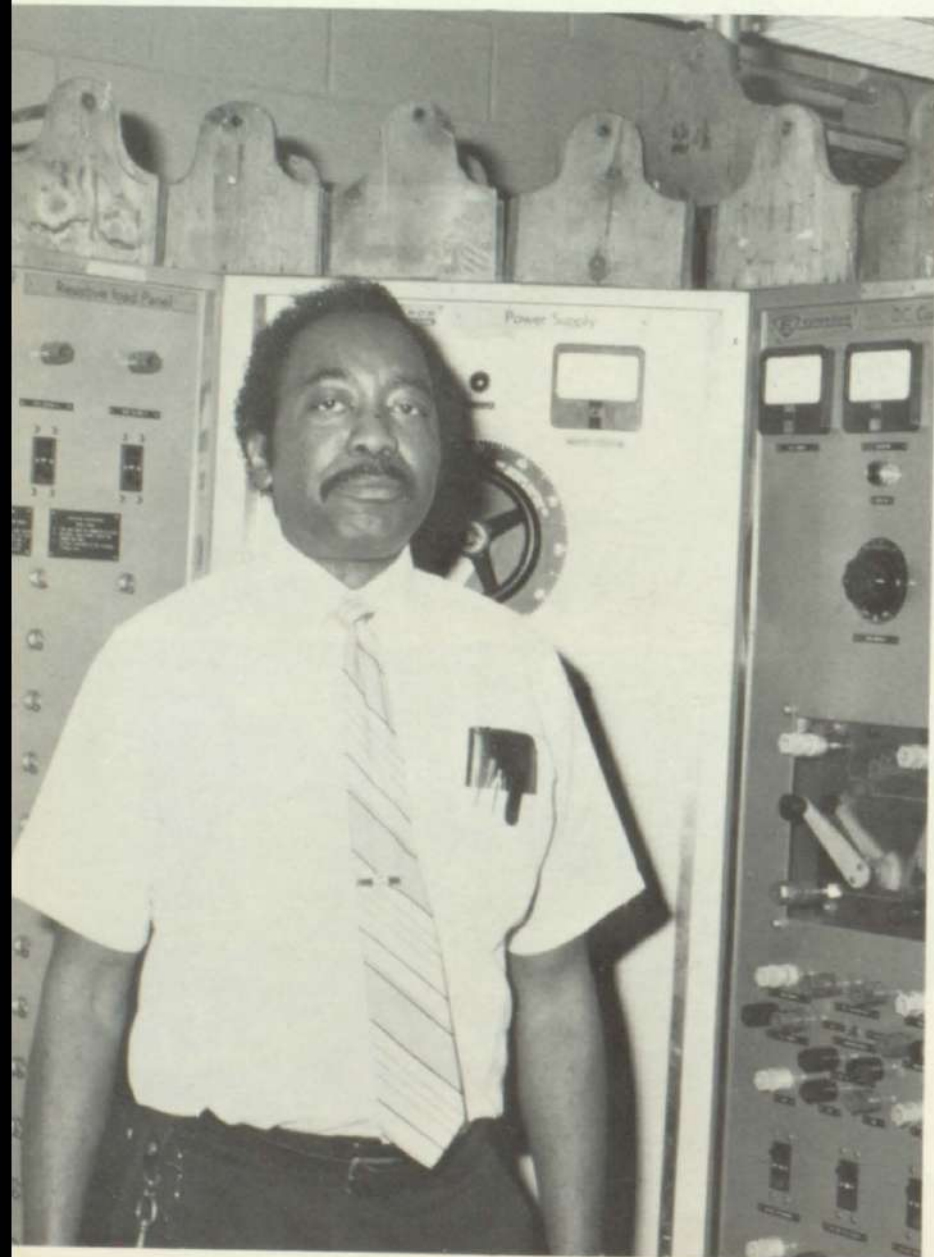

RADIO & TELEVISION

DRAFTING

The shop is designed to give the students fundamental training essential to employment in the field of drafting. Students are given practice in the use of drafting tools in the preparation of drawings from which blueprints can be made. Detailed drawings are made to scale, with measurements and other markings included so that the accurate information can be conveyed. Sizes, shapes, and forms are projected from various viewpoints, in correct perspectives.

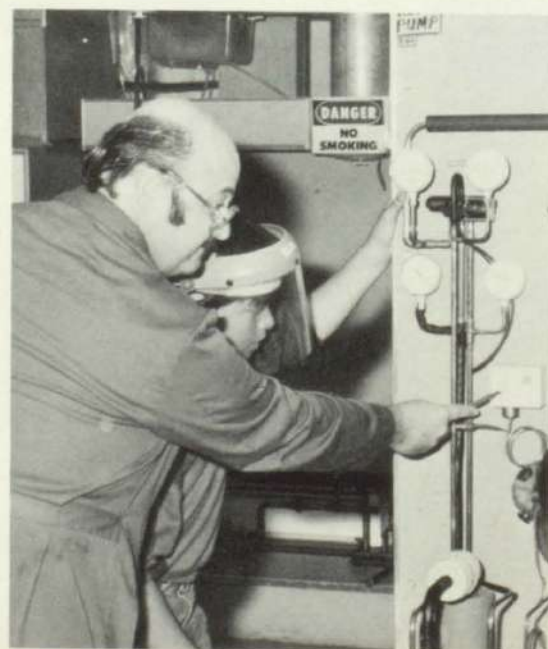

The students are instructed in the knowledge of materials, physical properties, and functions in the field in which they are working. In addition, they receive training in mathematics.

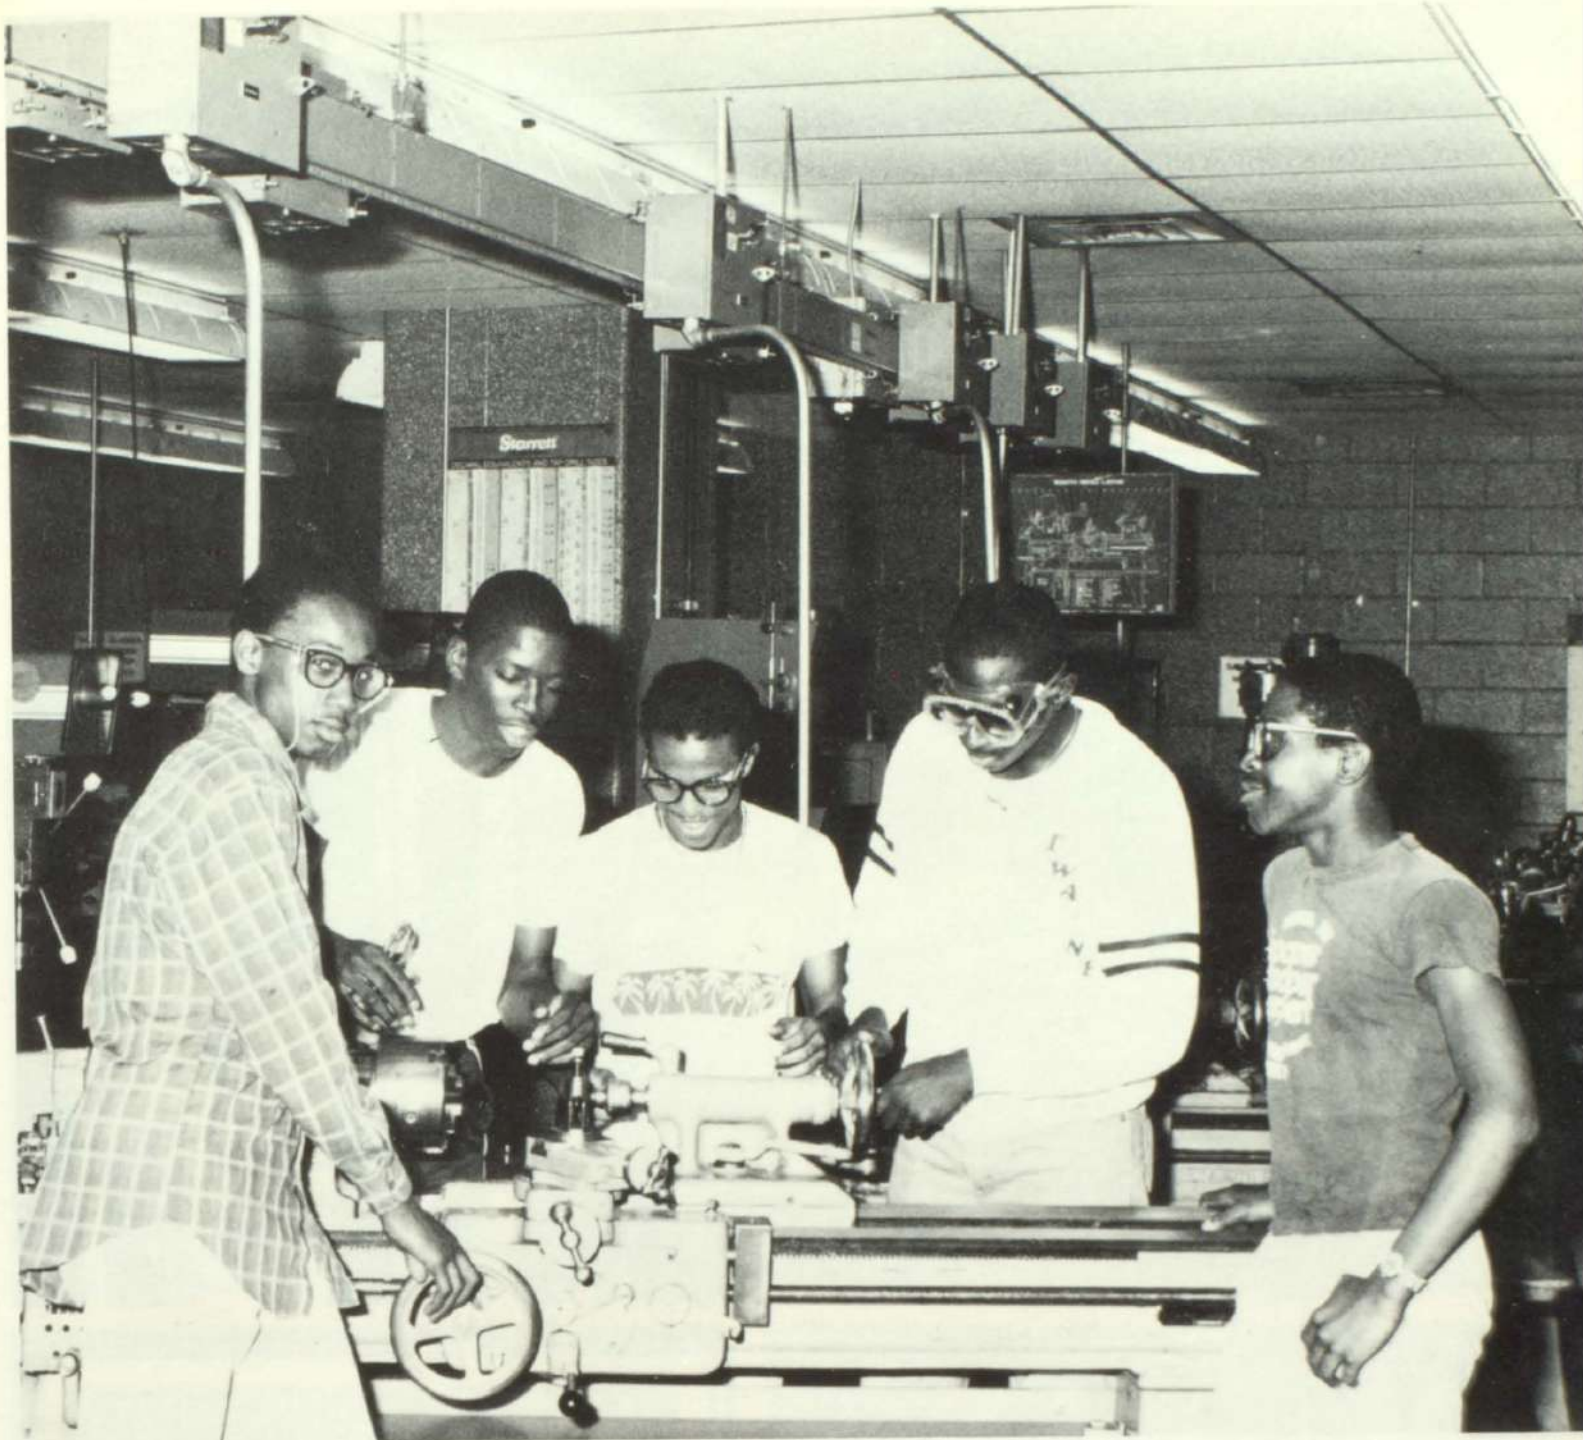

HEATING AND REFRIGERATION

HEATING VENTILATION AND AIR CONDITIONING-Heating Ventilation and Air Conditioning teaches the students the parts and functions of a residential air conditioning and heating system, which will give them the necessary knowledge to be able to problem solve, as qualified technicians.

MACHINE SHOP

The students are taught how to shape metal & non-metal parts by using machine tools and hand tools. He learns shop practice, the working properties of materials and understands what the various machines and equipment will do.

PRINTING

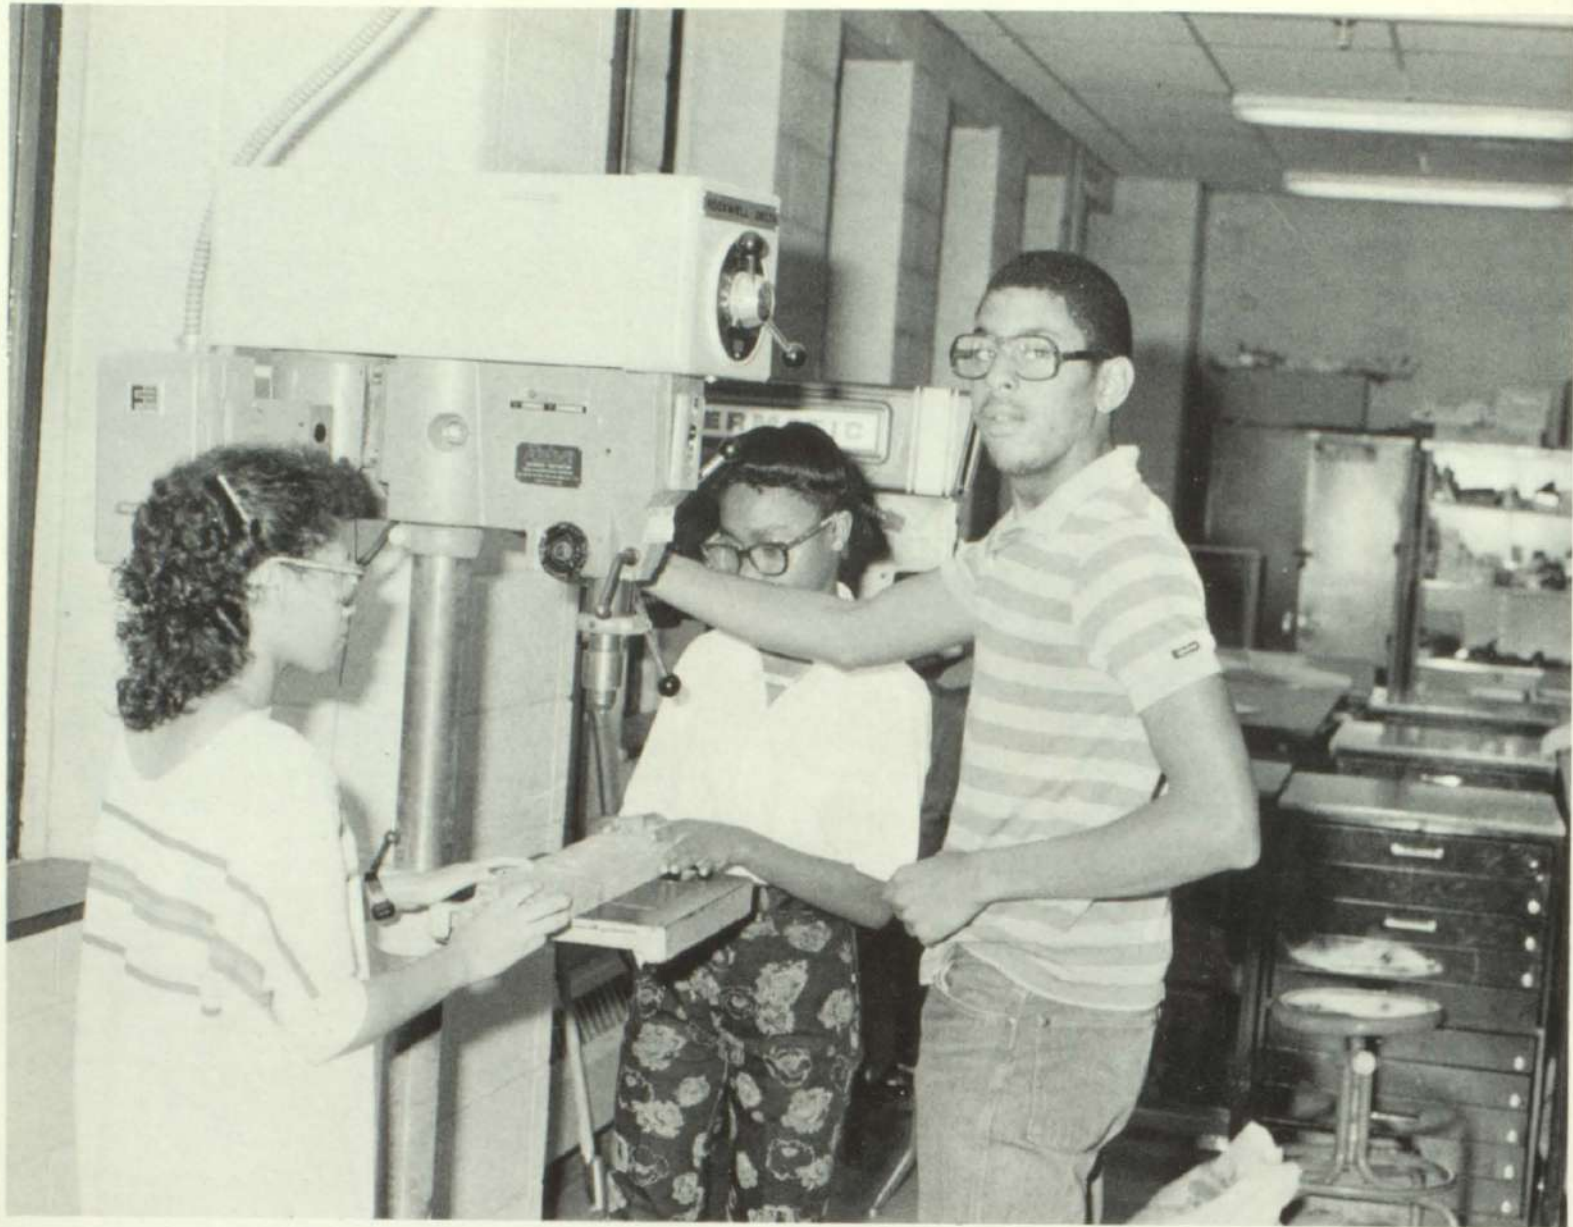

The students are taught how to operate a variety of printing presses and how to make necessary adjustments for smooth even printing. The training also includes the fundamentals of offset photography, plate making, and offset printing as well as processes involved in layout and computation of materials and costs.

WELDING

The shop includes the planning and layout of work from drawings, blueprints or written specifications. A knowledge of the welding properties of steel, for example: stainless steel, cast iron, bronze and aluminum is learned. Students must also determine the proper sequence of work operations for each job and learn to weld all types of joints in various positions (flat, vertical, horizontal and overhead). It is expected that the student will have sufficient knowledge of the trade to enable him/her to enter into satisfactory employment upon completion of the course and/or be able to begin apprenticeship training in preparation for more advanced phases of trade.

GENERAL SHOP

During the ninth grade the students are assigned to several shops for career exploration. While working in the many shop areas, the student has an excellent opportunity to study the activities and skills required in the various occupations and to realize personal likes, dislikes and interest. Following this exploration/orientation the student, parents, teachers and guidance counselors mutually agree as to the skilled occupation to which the students will be assigned. Course assignments are the same for all ninth grade full-time students. The course of study consists of: Carpentry, Electricity, Metal-working, Drafting & Blueprint Reading. Each student in the 9th grade spends one cycle (10 wks) in each course of study.

A large, stylized graphic of the word "CLASSES" repeated many times, arranged in a triangular shape pointing upwards, set against a dark background with white speckles. The text is white and the background is black with small white dots, resembling a starry night sky. The word "CLASSES" is repeated in a dense, overlapping pattern that forms a large, upward-pointing triangle. The repetition of the word creates a sense of depth and scale, with the text appearing to recede into the distance towards a vanishing point at the bottom center of the triangle. The overall effect is one of vastness and repetition, emphasizing the concept of "CLASSES" in a dramatic and artistic way.
