Principal Dr. Noble

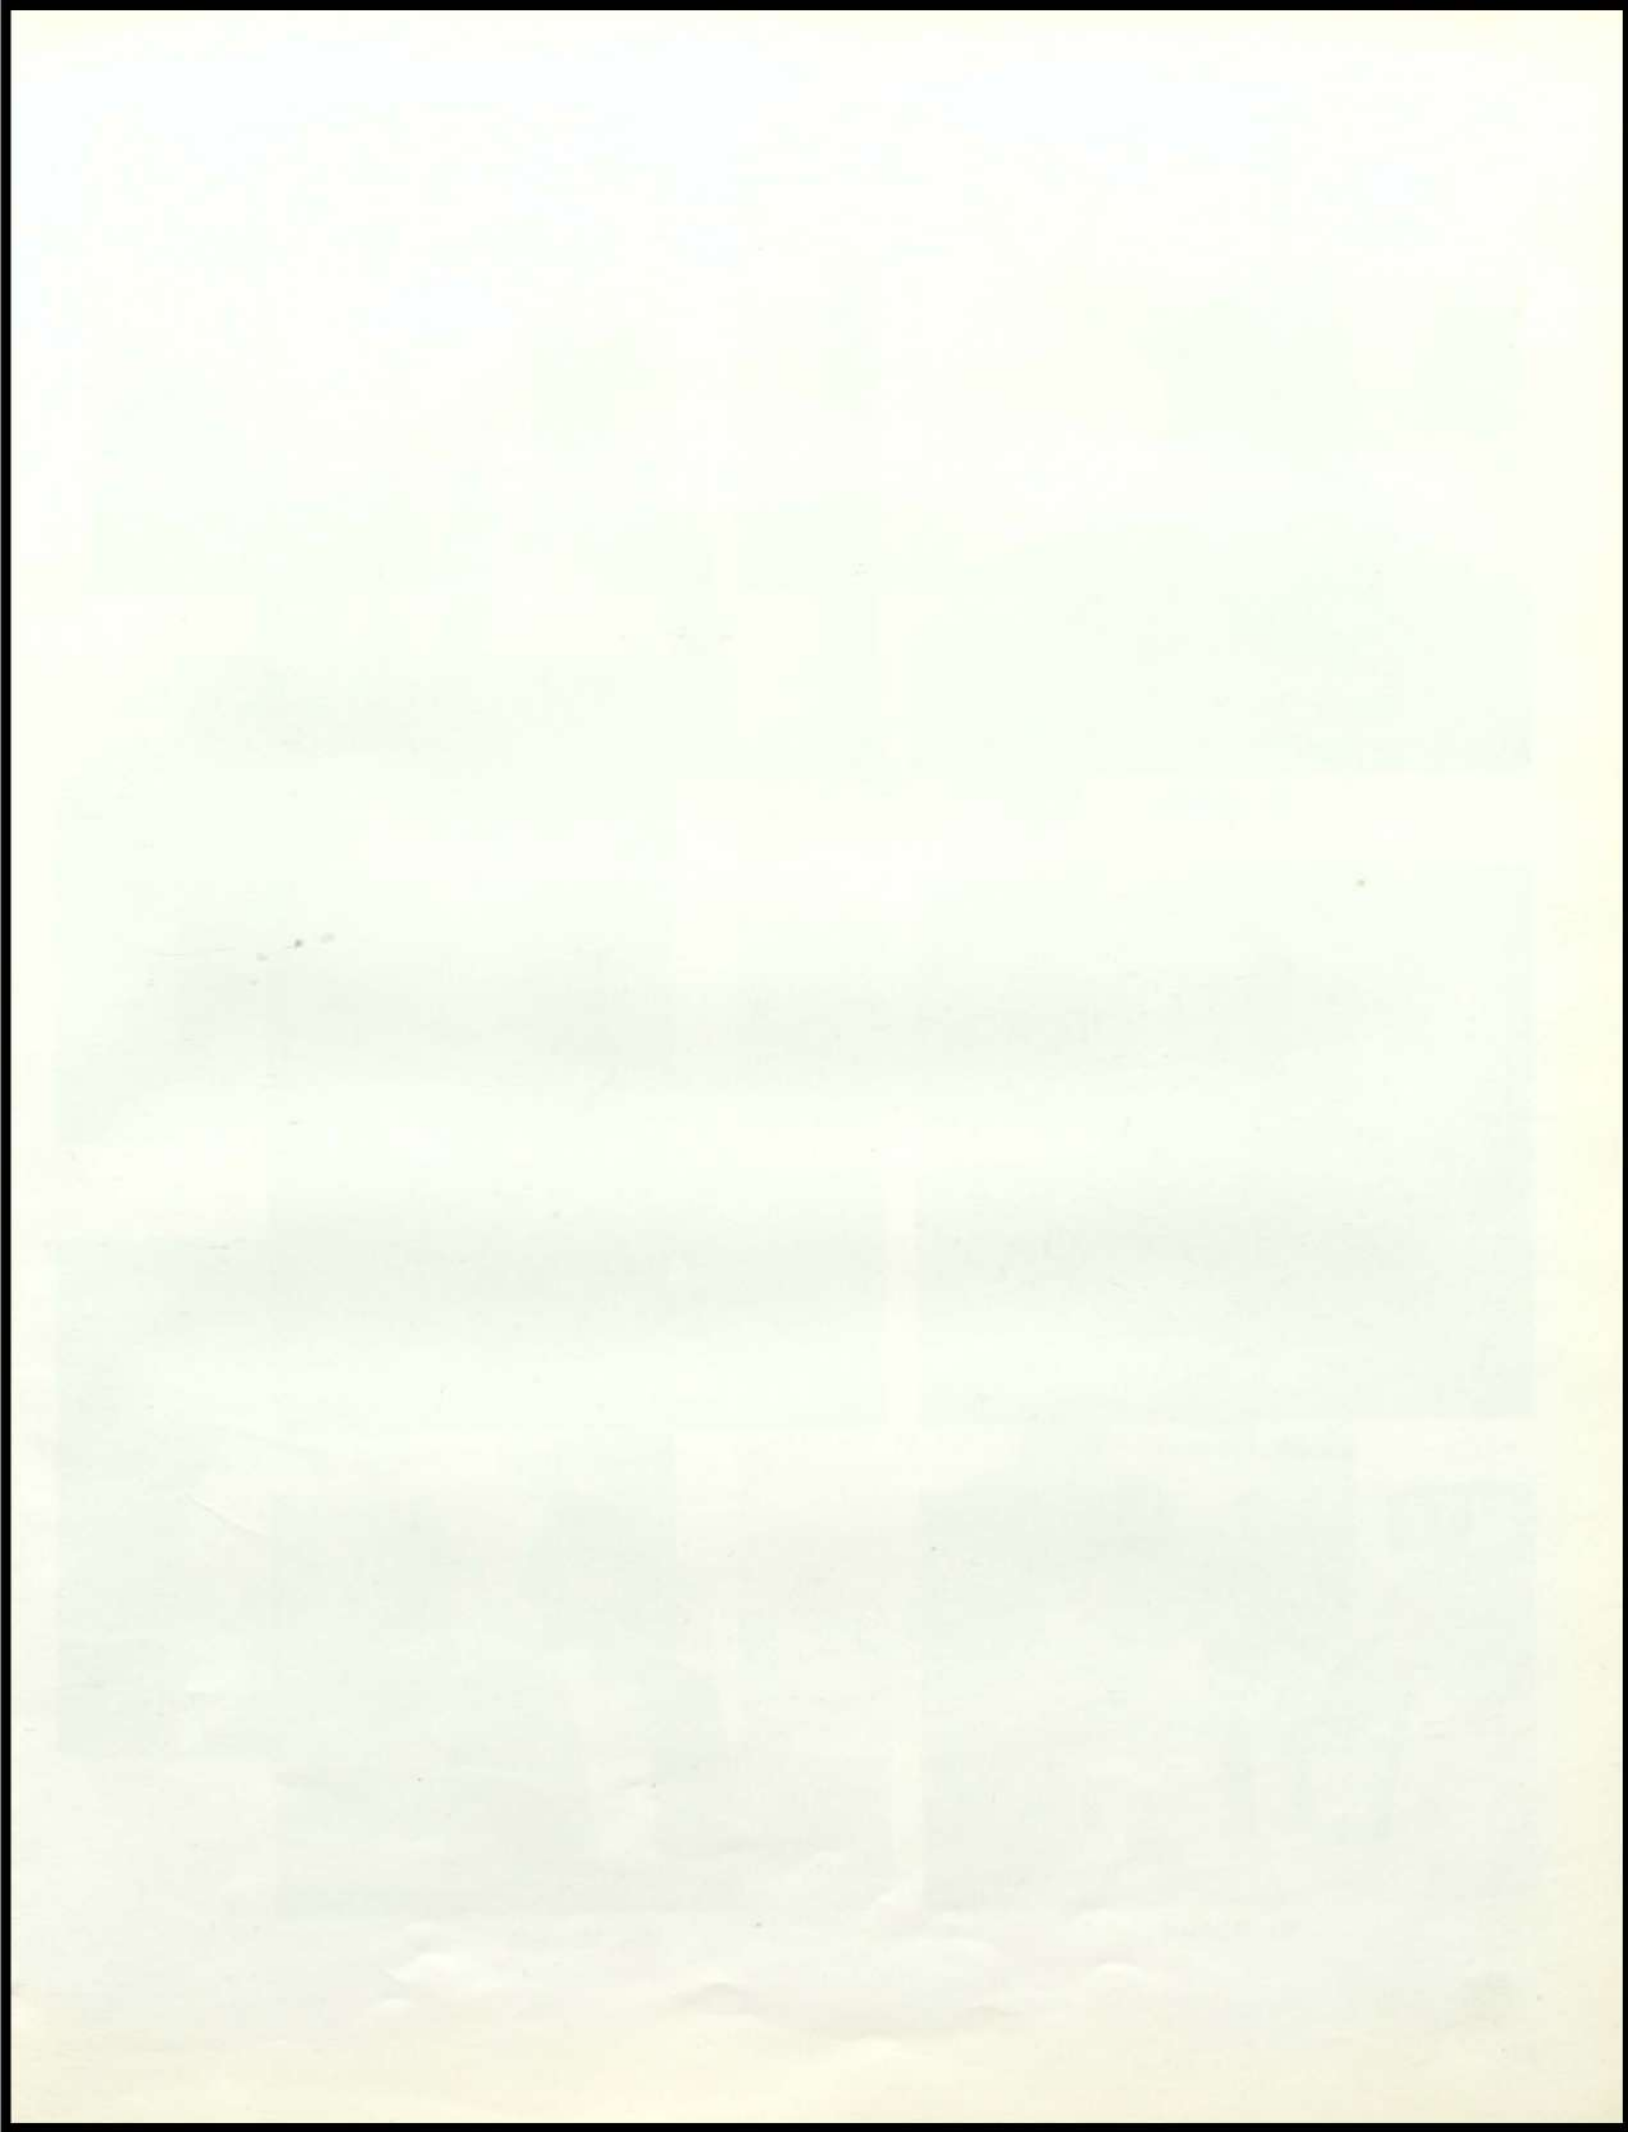

“And departing
Leaves behind us
footprints upon the sands
of time”

The standards set by your predecessors have enabled you to be one of the graduates in the class of 2000. This legacy of high academic standards, mastery of technical skills, and the triumph over social disparity has enabled you to be prepared and ready to face the many challenges of this new millennium.

As you trod your way through life, walk proudly, speak eloquently and demonstrate through your deeds and actions your humanity. Each step you make is one made for you, your parents, your school and those who will come after you.

Let your footprints lead a path in the direction of success.

To become an aunt to nieces and nephews
you really love and like are a great gift and
privilege. Sometimes we tend to take some
of our families for granted. Not getting close
