ATHENA

Presented by Senior Class Essex County Vocational & Technical High School 300 North 13th Street Newark, New Jersey

Foreword

The world is a wide and wonderful place - full of beauty and sordidness, promise and frustration, gaiety and tragedy. During the year 1966-67, we became increasingly conscious of our new relations with the mysterious East, largely because of the war in Viet-Nam.

Perhaps we need to be reminded of the great contribution of the Orient to the serenity and lasting beauty of life. These are shown in the decorative arts which we have adapted for this year's ATHENA.

We dedicate this yearbook to the search for peace and justice among all men everywhere.

3:15 and all is well - no more lost freshmen helplessly roaming the halls, the clicking of typewriters has stopped, the ringing of bells does not echo through the halls, and the hustle and bustle and voices of the upperclassmen can no longer be heard - until 8:15 tomorrow morning.

Business Machines

Numbers, and more numbers. Our Business Machines girls learn almost every possible procedure to use figures. They start with simple addition problems and work their way up to maneuvers, which to some of us, may seem almost impossible. Their skills are improved daily, by hard work, until one day they will leave Essex High to enter the business world with great confidence.

Striving for speed and perfection, their hands seem to be dancing as they apply the proper rhythm to their work.

The Comptometer is only one of the many machines which the Business Machines girls learn to operate.

Mr. Corson explains to Marie Ciavarella the procedures concerned in operating one of the various machines in his room.

Excellent at figures, our Business Machines girls work fast and accurately to solve their problems.

Beauty Culture

Our Beauty Culture girls work hard to achieve their goal. As Sophomores they are noted for their little pin curls. As Juniors hair coloring is practiced and almost any color can be seen. As Seniors they have developed into fine hair stylists and are now ready to go out in the world to cut, curl, comb, and manicure, knowing they will be successful beauticians.

Senior year is a very busy one for our Beauty Culture girls. Appointments are made by outside customers and these girls apply their skills to the very best of their ability.

Evelyn Doto displays her talent on Eileen Walsh.

Joann Rippo sets the hair of one of her class-mates.

Finishing touches are added to a customer. Our outside customers always leave the school more than satisfied.

Giving a manicure is not as easy as you may think! Plenty of time and study goes into this process.

Technical Secretary

Our Technical Secretary girls are trained in various fields of the business world. As Sophomores they are faced with the many new and unfamiliar skills which they are expected to learn. Curly cues which seem impossible to read or write, become our Technical Secretary girls' future — Steno! But as Juniors they gain confidence and discover there is still a great deal to be learned. In the Senior year the fear of the Sophomore is gone, and the confidence of the secretary begins. She leaves with her head up high, knowing she can now enter the business world with pride.

In the Senior year our Technical Secretary girls are sent out to the various offices within the school for "supervised office experience." Here Gloria Linfanti learns to operate the switchboard, while Adelaide De Fonseca prepares to transcribe.

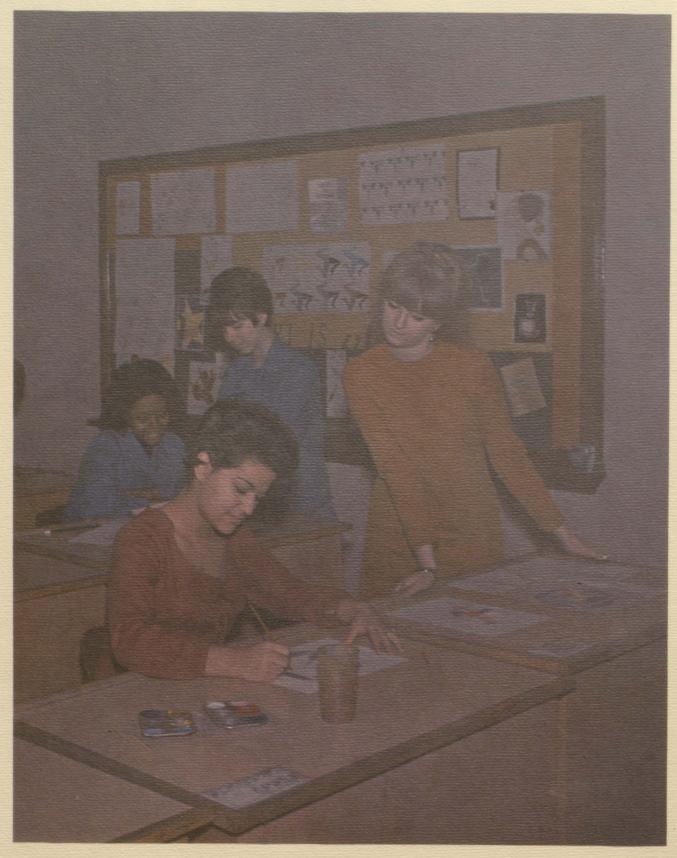

Diane Carey transcribes from Technical Procedure notes.

Shorthand notes are taken in various classes and from them our Technical Secretary girls must transcribe quickly and accurately. Beverly Lepore and Phyllis Orsini strive for perfection.

Commercial Art

Diane Benn watches closely as Pat Trento applies finishing touches to her painting.

Carolyn Allen applies her skills carefully.

The Art girls contribute a great deal to Essex High. Viewing the windows at the main entrance one can see the great artistic ability these girls possess. Their classroom, which is used as their workshop, has still further proof of their talents. When leaving Essex High to go into their chosen field their skills will be applied successfully.

Marcia De'Faria points to her display in Mrs. Kelly's room.

Paintings are but a few of the many jobs the art girls do.

Food Service

Our FOODS DEPARTMENT is kept very busy in order to meet the 11:45 "Starvation Crew."

The Food girls are truly appreciated in Essex High. Although there are few, their skills are beyond compare. Throughout their high school years, they are constantly improving in their baking, cooking, and preparation of different dishes for our faculty members. In their Senior year, they may leave with confidence, for they can find such jobs as dieticians, cooks, and other positions in the food industry.

Wait until the girls get a wiff of this.

Francis D'Alessio is all smiles when cleanup time rolls around.

Oh dear - Is that ham your putting in the ham sandwich??

Dressmaking

Many fashions are created by our Dressmaking girls. In their Sophomore year they are amazed by the new equipment and new expressions used. Darts, seams, and tucks are but a few of the processes they perform. As Juniors they are asked to design many more fashions, and they apply their skills carefully. As Seniors they are capable of designing their own prom gowns. They may leave Essex High knowing they will achieve their goals in the world of fashion.

Designing their own patterns takes a great deal of concentration and skill.

Joanne Mandra applies the finishing touches which add perfection.

Measuring tapes, pins, and needles are some of the equipment the Dressmaking girls rely on.

Many new and exciting fashions are created by our Dressmaking girls.

To the Graduates:

It is difficult to realize that the sands of time have so quickly measured off your years at Essex High. I am proud to be a part of this happy occasion - your high school graduation.

No doubt you will treasure many happy, and some not so happy, memories of the time you have spent in these halls of learning. I believe you have received in proportion to what you have given to your studies and your school. Your teachers have given you a firm foundation of ideas, skills, and attitudes to prepare you for the years ahead. As you join the group of Alumnae of our school, I hope you can look back on your high school days with pride; and to your future with courage and hope.

Congratulations and my best wishes to each of you!

Activities

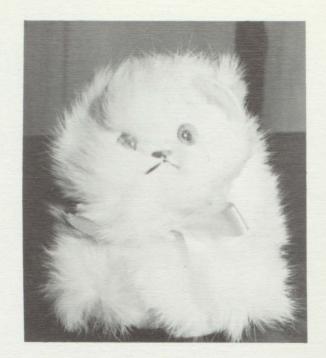

Magazine Drive

This is a big event in our school which takes place in the beginning of the year. Rain or shine our girls go from door to door selling magazines, hoping to make this the best magazine drive ever. And sure enough it was. Our grand total was \$11, 904.80.

Our mascot for 1967 "before" our girls "got" at him.

For \$25.00 it was yours.

Our mascot "after" our girls got "finished" with him.

Our ten top sales girls for the drive were: (left to right) Paula Del Corsano, Georgeann Buono, Jeannette Neiro, Theresa Mangerio, Carmen Calo, Barbara Carroll, Linda Mattos, Kathy Guarino, Camille Valvano.

Carmen Calo received a portable television set for being our number one salesgirl; She sold \$380.96 worth of magazines.

A blackboard showing our day to day progress was posted in the front hall for all to see.

Christmas...

Christmas, a time of fun and laughter at Essex High, is truly one of the best times of the year. With kindness and unself-ishness, through a voluntary charity project, the high school and adult students join together in their homerooms to gather gifts for needy children of all ages. Through the school's generosity we express our desire to help others have a brighter and more joyous Christmas.

The spirit of Christmas is here!

Mrs. Siska's class follows the example set by the "Three Wise Men" in their gifts for the Christmas Child.

 $Even the \ little \ elves \ joined \ in \ the \ spirit \ of \ Christmas \ by \ decorating \ the \ tree. \ (Mrs.\ Kantrowitz's \ class.)$

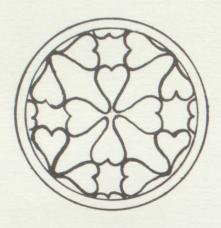

Santa is coming to town. (Mr. Polito.)

A feeling of joy and good will floats through the rooms of Essex High as the girls express their desire to make others, who are less fortunate, as joyous as themselves.

Tip toe through the garden!!!

"Hey girls — Mr. Wilbur thought he would lose us in the crowd, but we found him in the bushes!!!"

On October 27 the seniors of Essex High set out for a guided tour of the United Nations. Fascinating, educational, and interesting are but a few of the words which describe our trip.

"Girls, is that the hidden camera on Miss Ruberta's hat?"

Hello, I am your guide, and I would like to inform you that my group has $45\,\%$ fewer cavities than the group that just left.

Look — It's a bird, it's a plane, no it's supernurse!!!

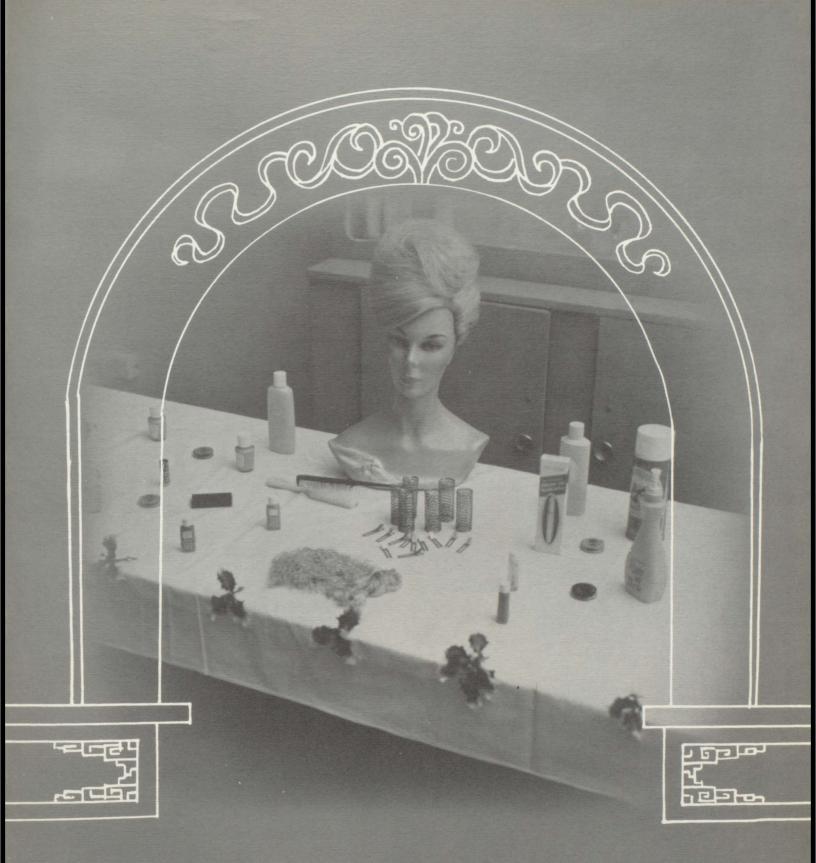

Hurry girls let's get U Thant's autograph before it's too late.

Alma Mater

In our hearts there is a picture,
Shining bright and true,
It's a picture of our high school,
Our Dear Gold and Blue.

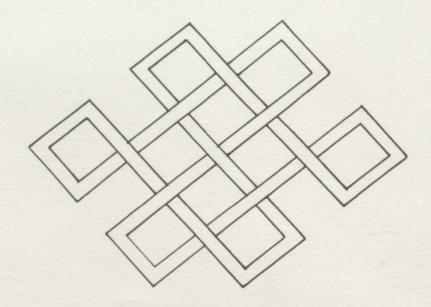

For your honor we shall struggle
On the Road of Fame
Gratefully, dear Essex High School
Singing loud your name.

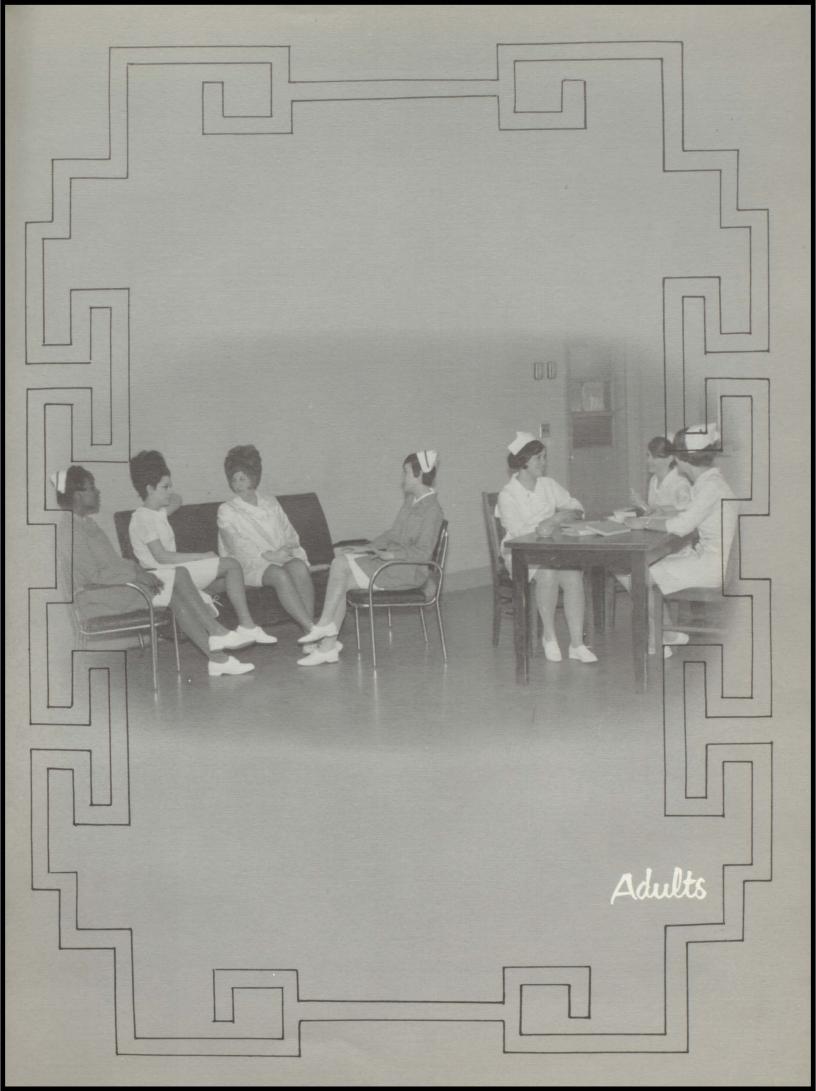

Through the years that go before us,

Dim our memory,

Recollections of our school days,

There will always be.
