## ATHENA 1973

Presented by  
Essex County Vocational and Technical High School  
Newark, New Jersey

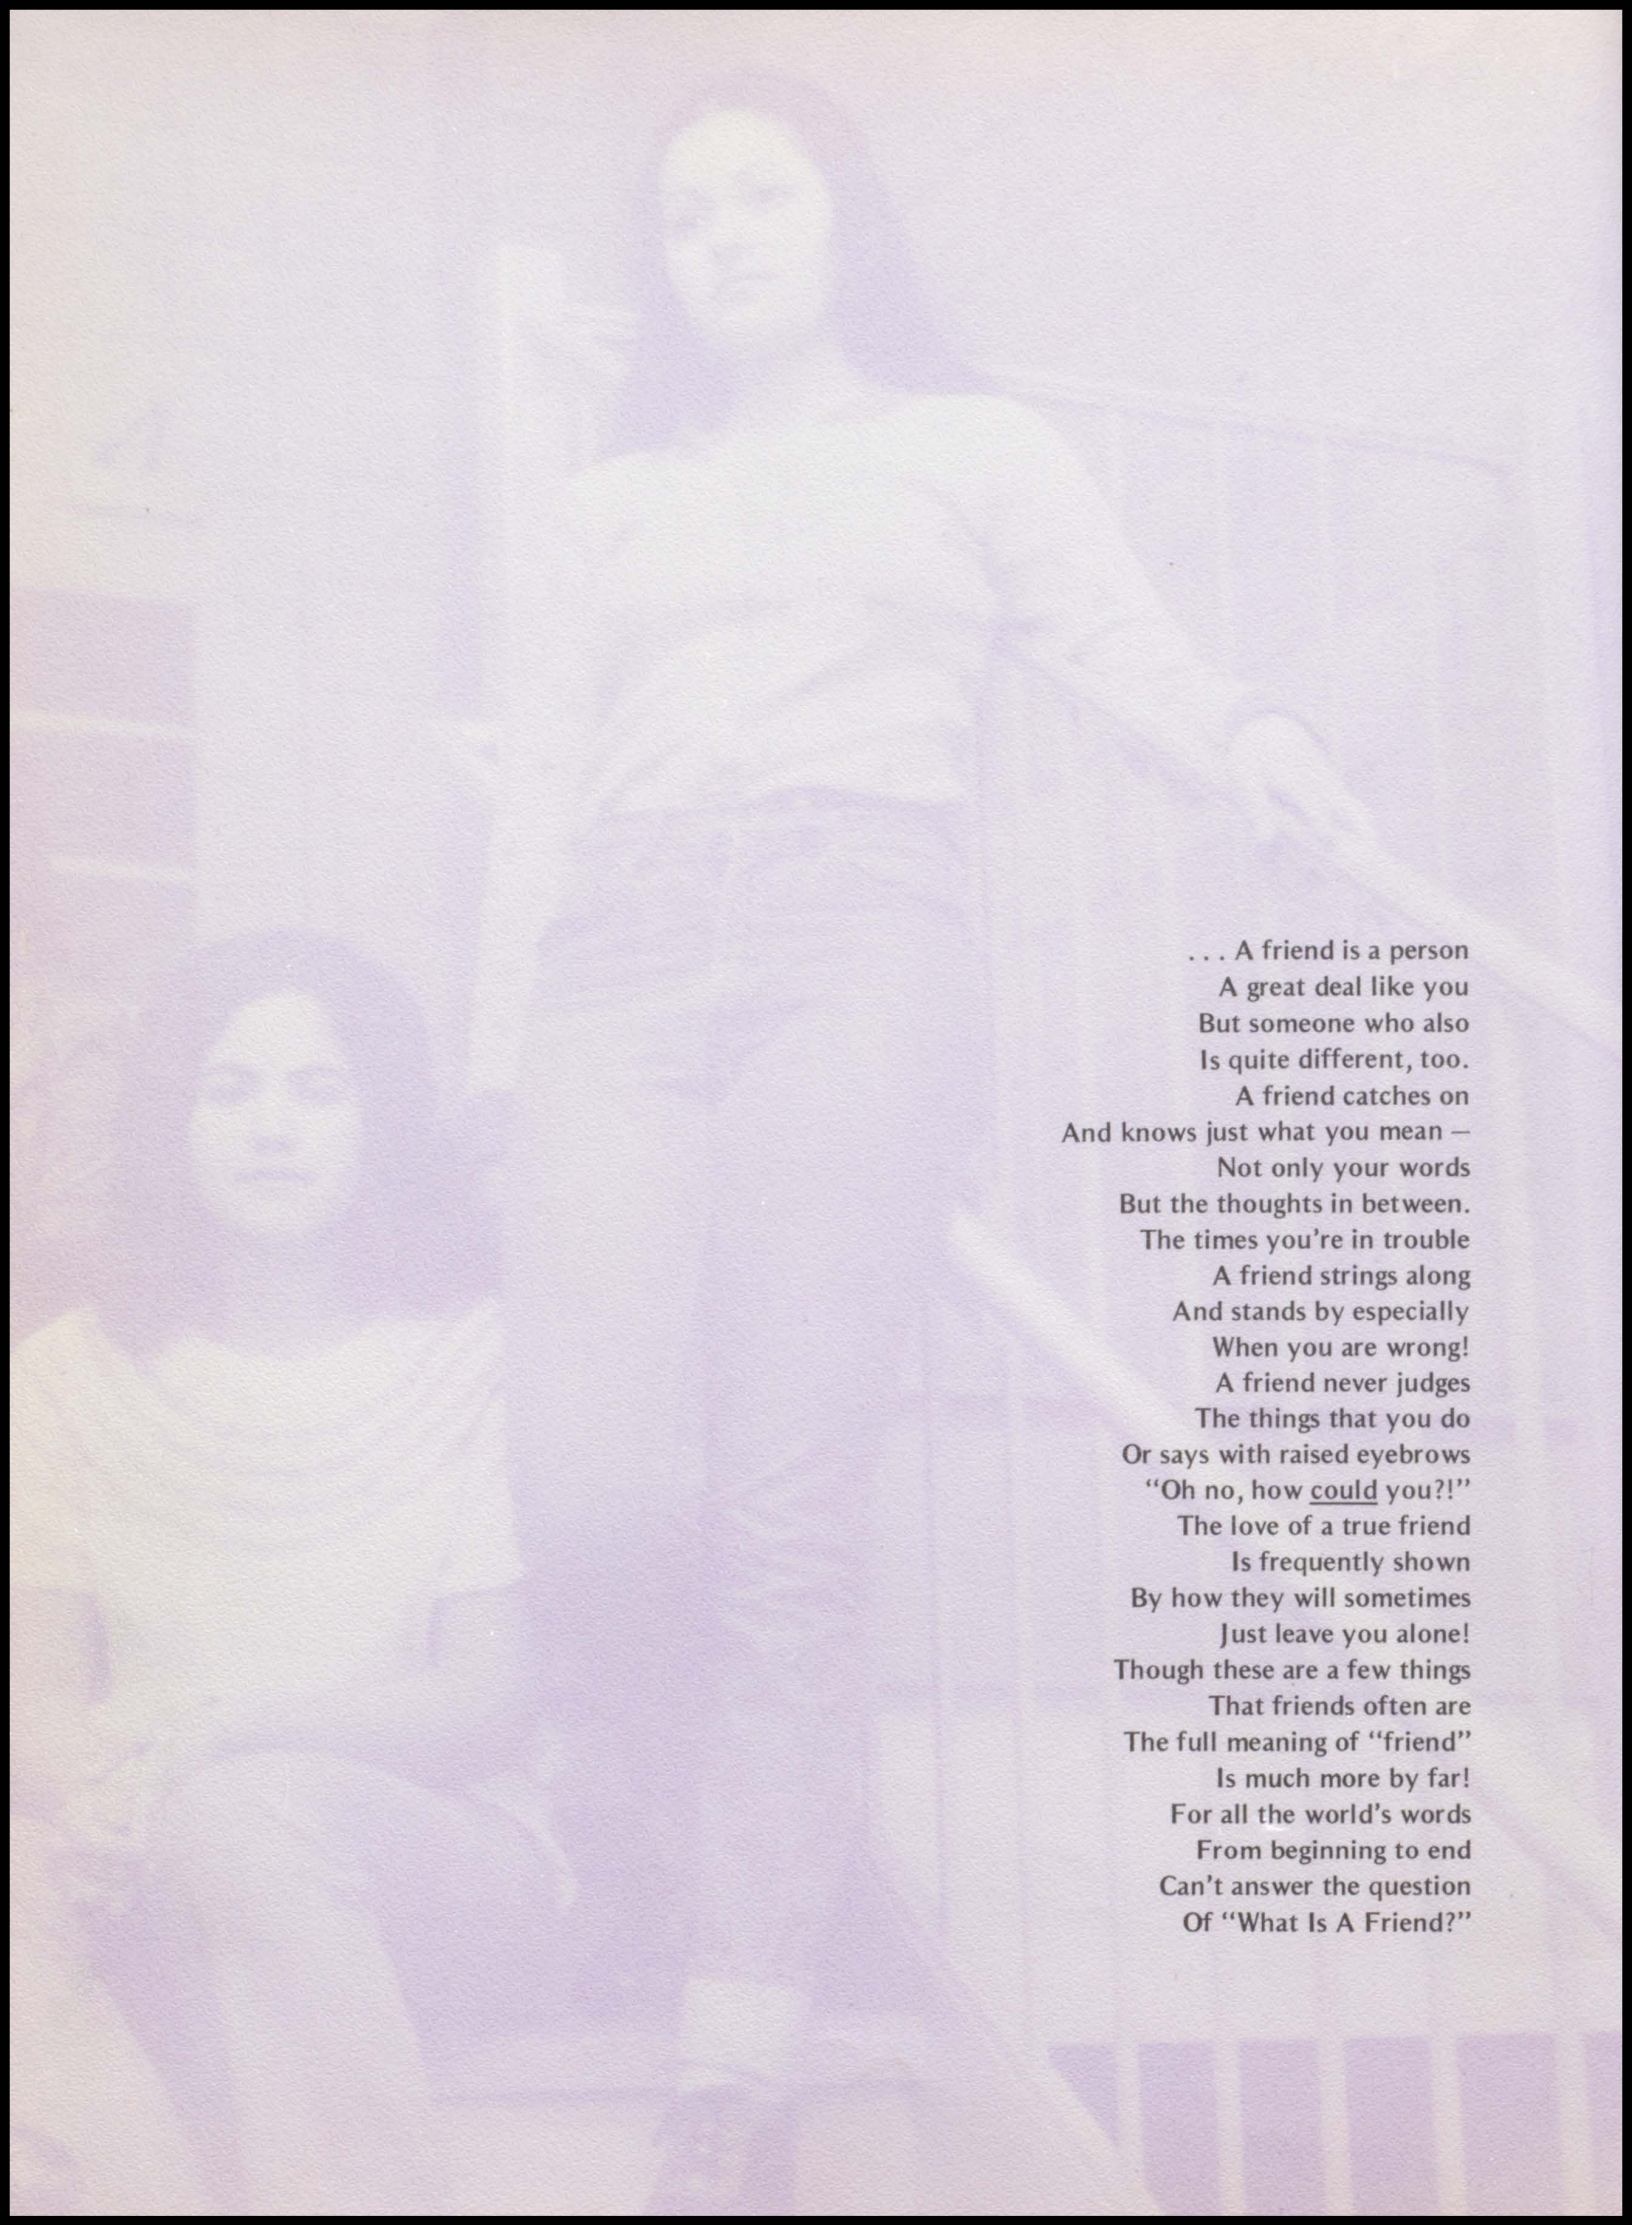

*What is a friend . . .*

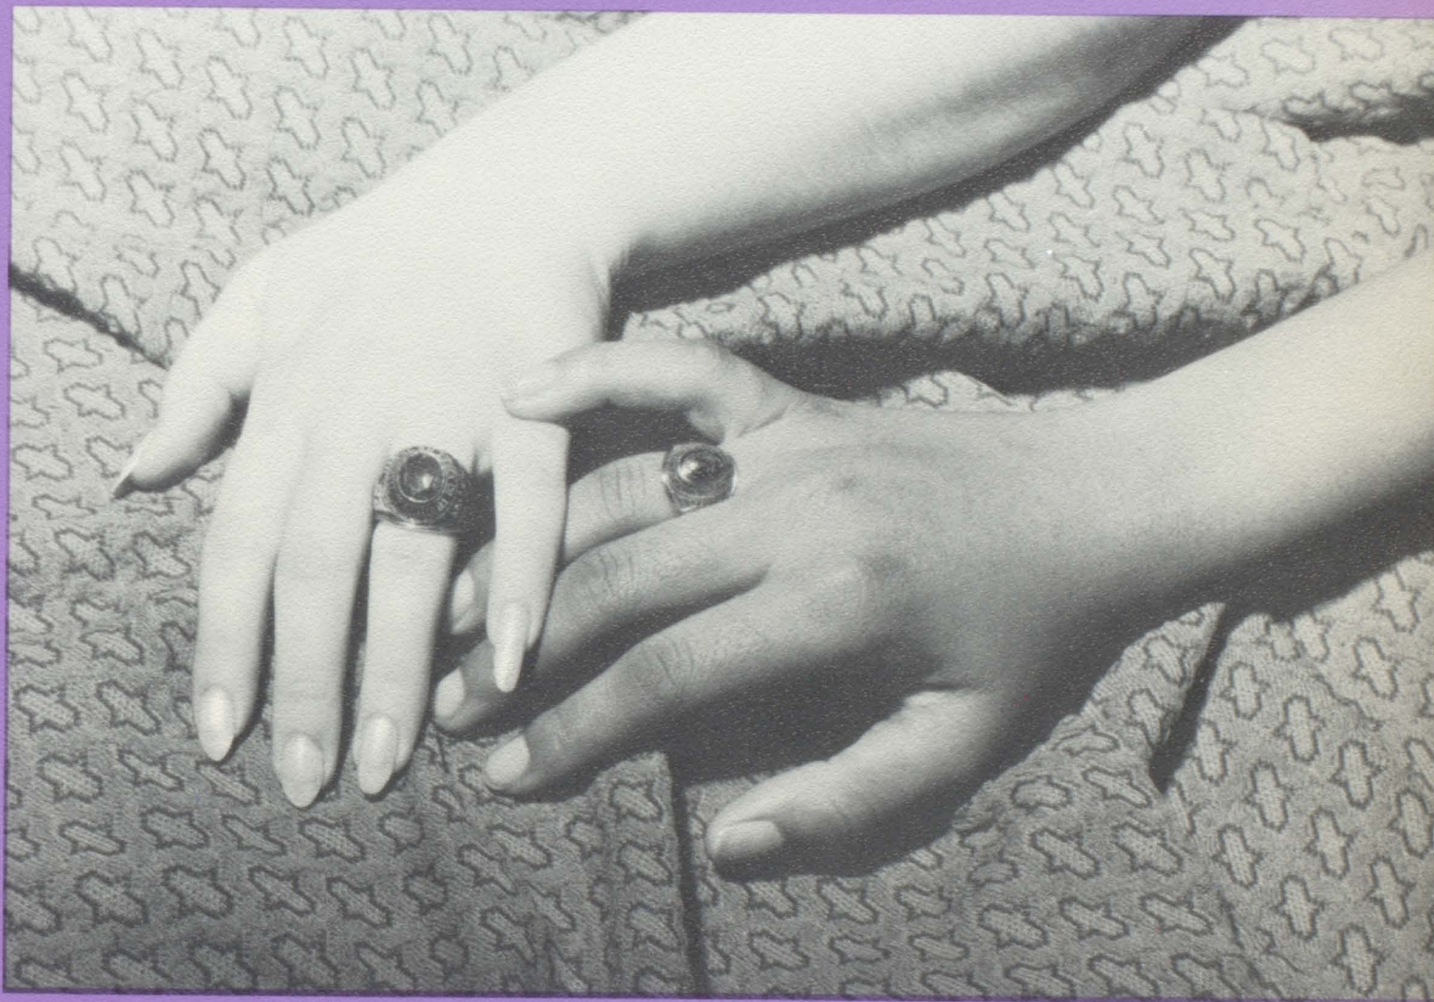

. . . A friend is a person  
A great deal like you  
But someone who also  
Is quite different, too.  
A friend catches on  
And knows just what you mean —  
Not only your words  
But the thoughts in between.  
The times you're in trouble  
A friend strings along  
And stands by especially  
When you are wrong!  
A friend never judges  
The things that you do  
Or says with raised eyebrows  
"Oh no, how could you?!"  
The love of a true friend  
Is frequently shown  
By how they will sometimes  
Just leave you alone!  
Though these are a few things  
That friends often are  
The full meaning of "friend"  
Is much more by far!  
For all the world's words  
From beginning to end  
Can't answer the question  
Of "What Is A Friend?"

*friends who accept us as we are  
are the most treasured friends by far . . . .*
