## *Knocking At The Door*

*We came knocking at the door thinking of what was behind,  
being inquisitive and wondering what we could find.  
Knocking, knocking until we were let in,  
little did we know what we were about to begin.  
Once inside, inspired by our teachers' voices,  
given a chance to make the right choices.  
We have become a blend of courage, integrity, character, and principle,  
we now realize that the world is not invincible.  
Lined up at the door in two lines of single file  
we are ready to march down the aisle.  
With each step, each step we take  
we think of our achievements and our mistakes.  
With each stride we feel better that we belong  
feeling even more confident, knowing right from wrong.  
And once on stage we sit with pride  
looking, smiling, feeling great inside.  
After it's over, we are off on separate trails,  
up hills, down hills, knowing we will not fail.  
I bid you farewell, I am certain that you will succeed  
because for the past four years we have ascertained and now have what we need  
I know we are the best; no debate  
They will all look back and say some class — Class of Eighty Eight.*

Dear Class of 1988

"Change." It is a word and concept that can inspire feelings of apprehension and sometimes even fear. Change implies for some that things will not only be different but also more difficult. I, however, have always looked upon change as forward movement and a positive force, a refreshing opportunity to rethink ideas and redirect actions.

Graduation marks a significant change in your lifestyle, responsibilities and goals. How you perceive these changes will greatly impact upon how well you handle and profit from these new life experiences. Do not shy away from or be intimidated by change, for **without change there is stagnation.**

A good friend has told me I move mountains, but stumble over little stones. Perhaps that is because in being so goal-oriented, I tend to look at the larger picture, the results, and not anticipate the smaller problems that can occur along the way. Since we all err, however, I would prefer seeing you stumble over those little stones also rather than not try to move the mountain at all.

My advice to you is "GO For It!" Do not settle for good when you can be better. Look forward to and accept change. When you stumble, pick yourselves up and continue on to your goals. Your way will not always be smooth or easy, but you can handle it. Love and respect yourselves and others. Be strong.

We, your teachers and staff, have done what we can for you. Hopefully, our efforts and your experiences here have prepared you to face future challenges.

I am proud of you and happy for you. I wish you only the best.

Love,

Deborah S. Alexander  
Principal

Dear Graduates

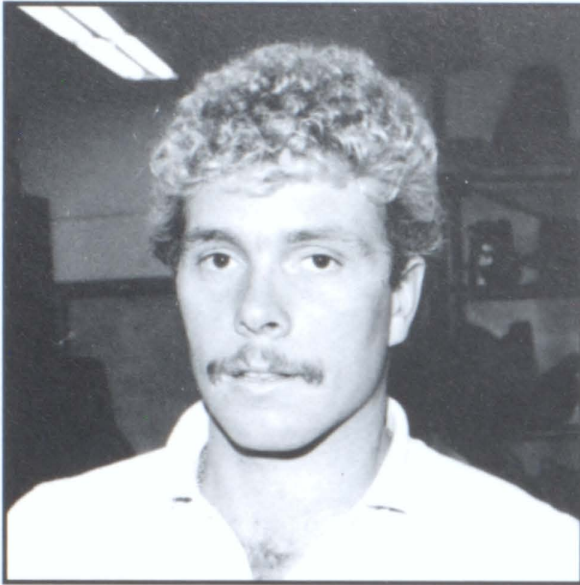

Congratulations and best wishes in your world of work.

What can I say when I have said it so many times before. To be anything to anyone, you must first be something to yourself. Because tomorrow is today, that makes your future only a short journey away.

So prepare now for your goals, then opportunity will come.

Yvonne you have progressed a lot may Jehovah guide you

We've made our High School Days fun;  
We've argued about everything,  
We even had a few choice words for each other.  
But all through High School we've laughed, cried and even enjoyed each others company.

We as friends have been together for four years and we've been through a lot. We've shared in all our problems and we even discussed our problems between us as FRIENDS.

Girls we've been through a whole hell of a lot this year.  
Make it our year and a year to remember.  
We've enjoyed the "GUYS" we've had and we even made them happy. So remember the good and remember the bad!

So stay sweet and if you can't be good be extremely careful!  
Love Ya!

To Lou,

You're a great friend, I'll always love. You've been a loyal friend to me. I'll never forget all the great times we had. You're the true meaning of a best friend. No matter what the future brings I'll never forget you, my best friend.

Love ya,

### THINKING OF YOU, YVONNE

About you there's so much to see  
In New Jersey you live, all agree  
You're nice and you're sweet  
Being 'round you's a treat  
'Bout you, Yvonne, it's all poetry

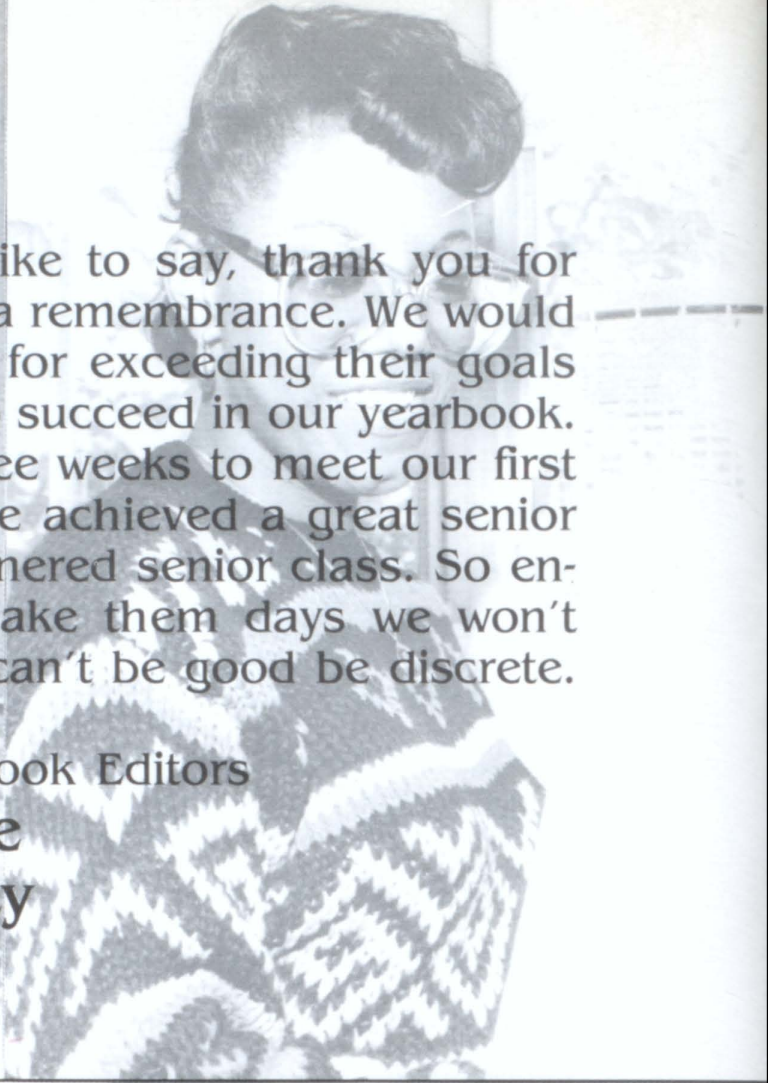

You're pretty and lovely to see  
For a chance some would fall on their knee  
You're pretty and fine  
And simply divine  
Many look and they look breathlessly

It's true that my mind likes to wander  
To you — taking time just to ponder  
Such thoughts often place  
A smile on my face  
Of this pastime I couldn't be fonder

Love  
**Vernon**

Just remember, if you can't be good be discrete. CONGRATULATIONS.

Chitty:

I looked at you today and saw the smile when you first smiled at me when you were a baby.

I looked at you today and saw the same eyes that looked at me with love when you were a baby.

It was not long ago that I held you in my arms long after you fell asleep and I just kept rocking you.

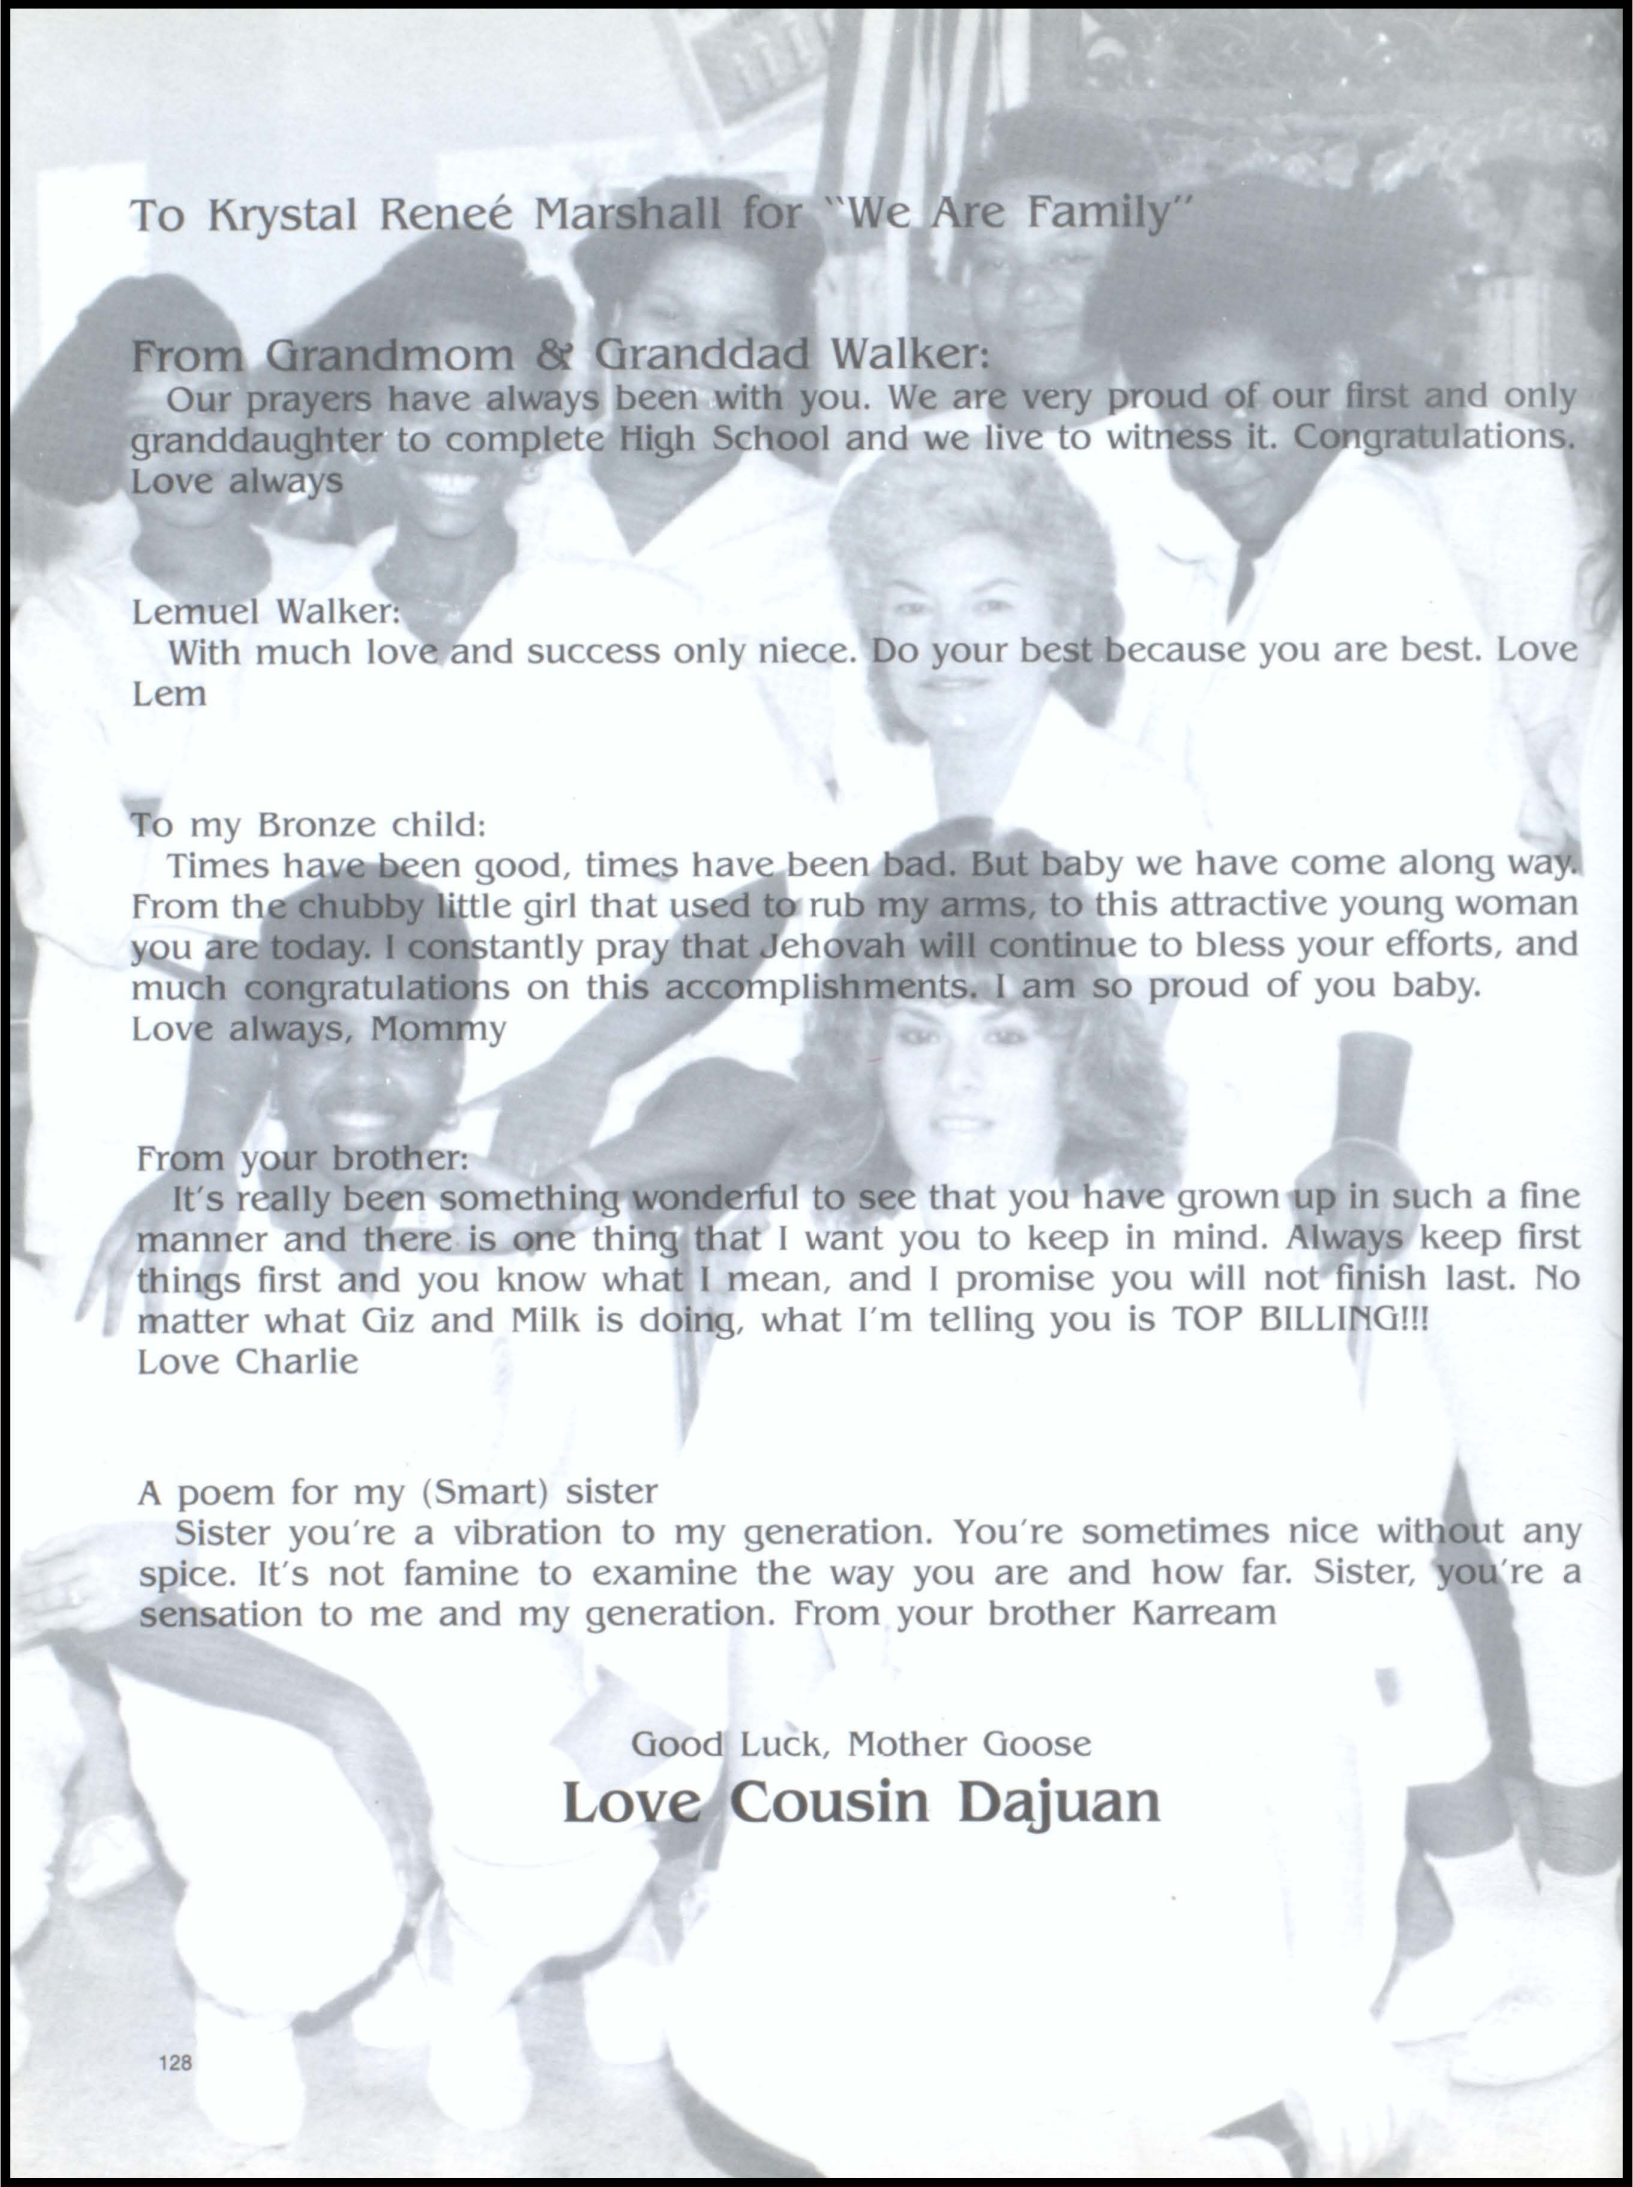

I looked at you today and saw my daughter no longer a baby but a beautiful person with a full range of emotions, feelings, ideas and goals.

Everyday is exciting as I continue to watch you grow and I want you to know that in good and bad times I will love you. No matter what you do, how you think or what you say, you can depend on my support, guidance, friendship and love every minute of everyday.

No words can describe the warm memories that come from having a daughter to Love and Cherish like you.

Congratulations

Renee

I wish you all the luck and happiness the world has to offer. I hope you reach all your goals in life. Try not to charge up the credit cards. I wish you all the luck in college.

**Jennifer Carter**

Hi Renee,

Did you clean your room? Do you know it seems like yesterday when I took you to see Santa Claus and now you're graduating from High School. Renee you can't even imagine how that makes me feel. It's so much I can sit here and write but I guess I better end it now. Just remember I love you very dearly. Lots of luck and success at whatever you do. (Lawyer)

**Love Mom**

Life is as unpredictable as you were in the beginning; taking a lot of getting use to is all part of love. Time and patience has played it's part in our life. Seasons go by, people change, but love endures. Loving you as I do took a lot out of me, but in the end I know I would have gotten a lot out of it. From as far as you can see inside of me. I love you.

The yearbook staff would like to congratulate the class of 88. We wish you the best.

Dear Karen,

We would just like to let you know that we are very proud of you. Keep up the good work and keep reaching for your goal.

Love,  
**Mommy, Grandma and Jay**

### FOREVER

I am never going to give you up  
We have too much love baby  
I'd never leave you, no, no, no

All the time you are on my mind  
I couldn't live without you for a single day.  
Life without you wouldn't be the same  
If you weren't around to call my name.  
My love for you is growing strong,  
Please believe that it will never change.

I am never going to give you up,  
Because I'd have too much to lose  
I'd only be a fool.

Trying to live without you I couldn't bare  
I've got to have you because I really care.

Janie,

Yesterday, you were my little girl starting school.

Today, you are a senior in high school, and soon you will be leaving to take your place as an adult in society.

Tomorrow, is the first day after school and it will be the first day of the rest of your life.

I have always told you that life is what you make it, from this day forward it is up to you!

All of us Love you and Wishes you Happiness and Success.

**Your Family**

Mom,

I wouldn't have made it through High School without the support of you. I want to thank you for all that you've done and helped me through. When I'm away at college I'll still remember the good and the bad through my high school years. I just want to say thank you and I love you. And to all my friends that made it worth while (Be cool and stay sweet). To the meece stay together and remember the good.

**I Love You Mom**

**LISTENING WITH THE HEART**

When I was born you held me tight. You told me you loved me and when you looked in my eyes, you saw how I returned your warmth and love.

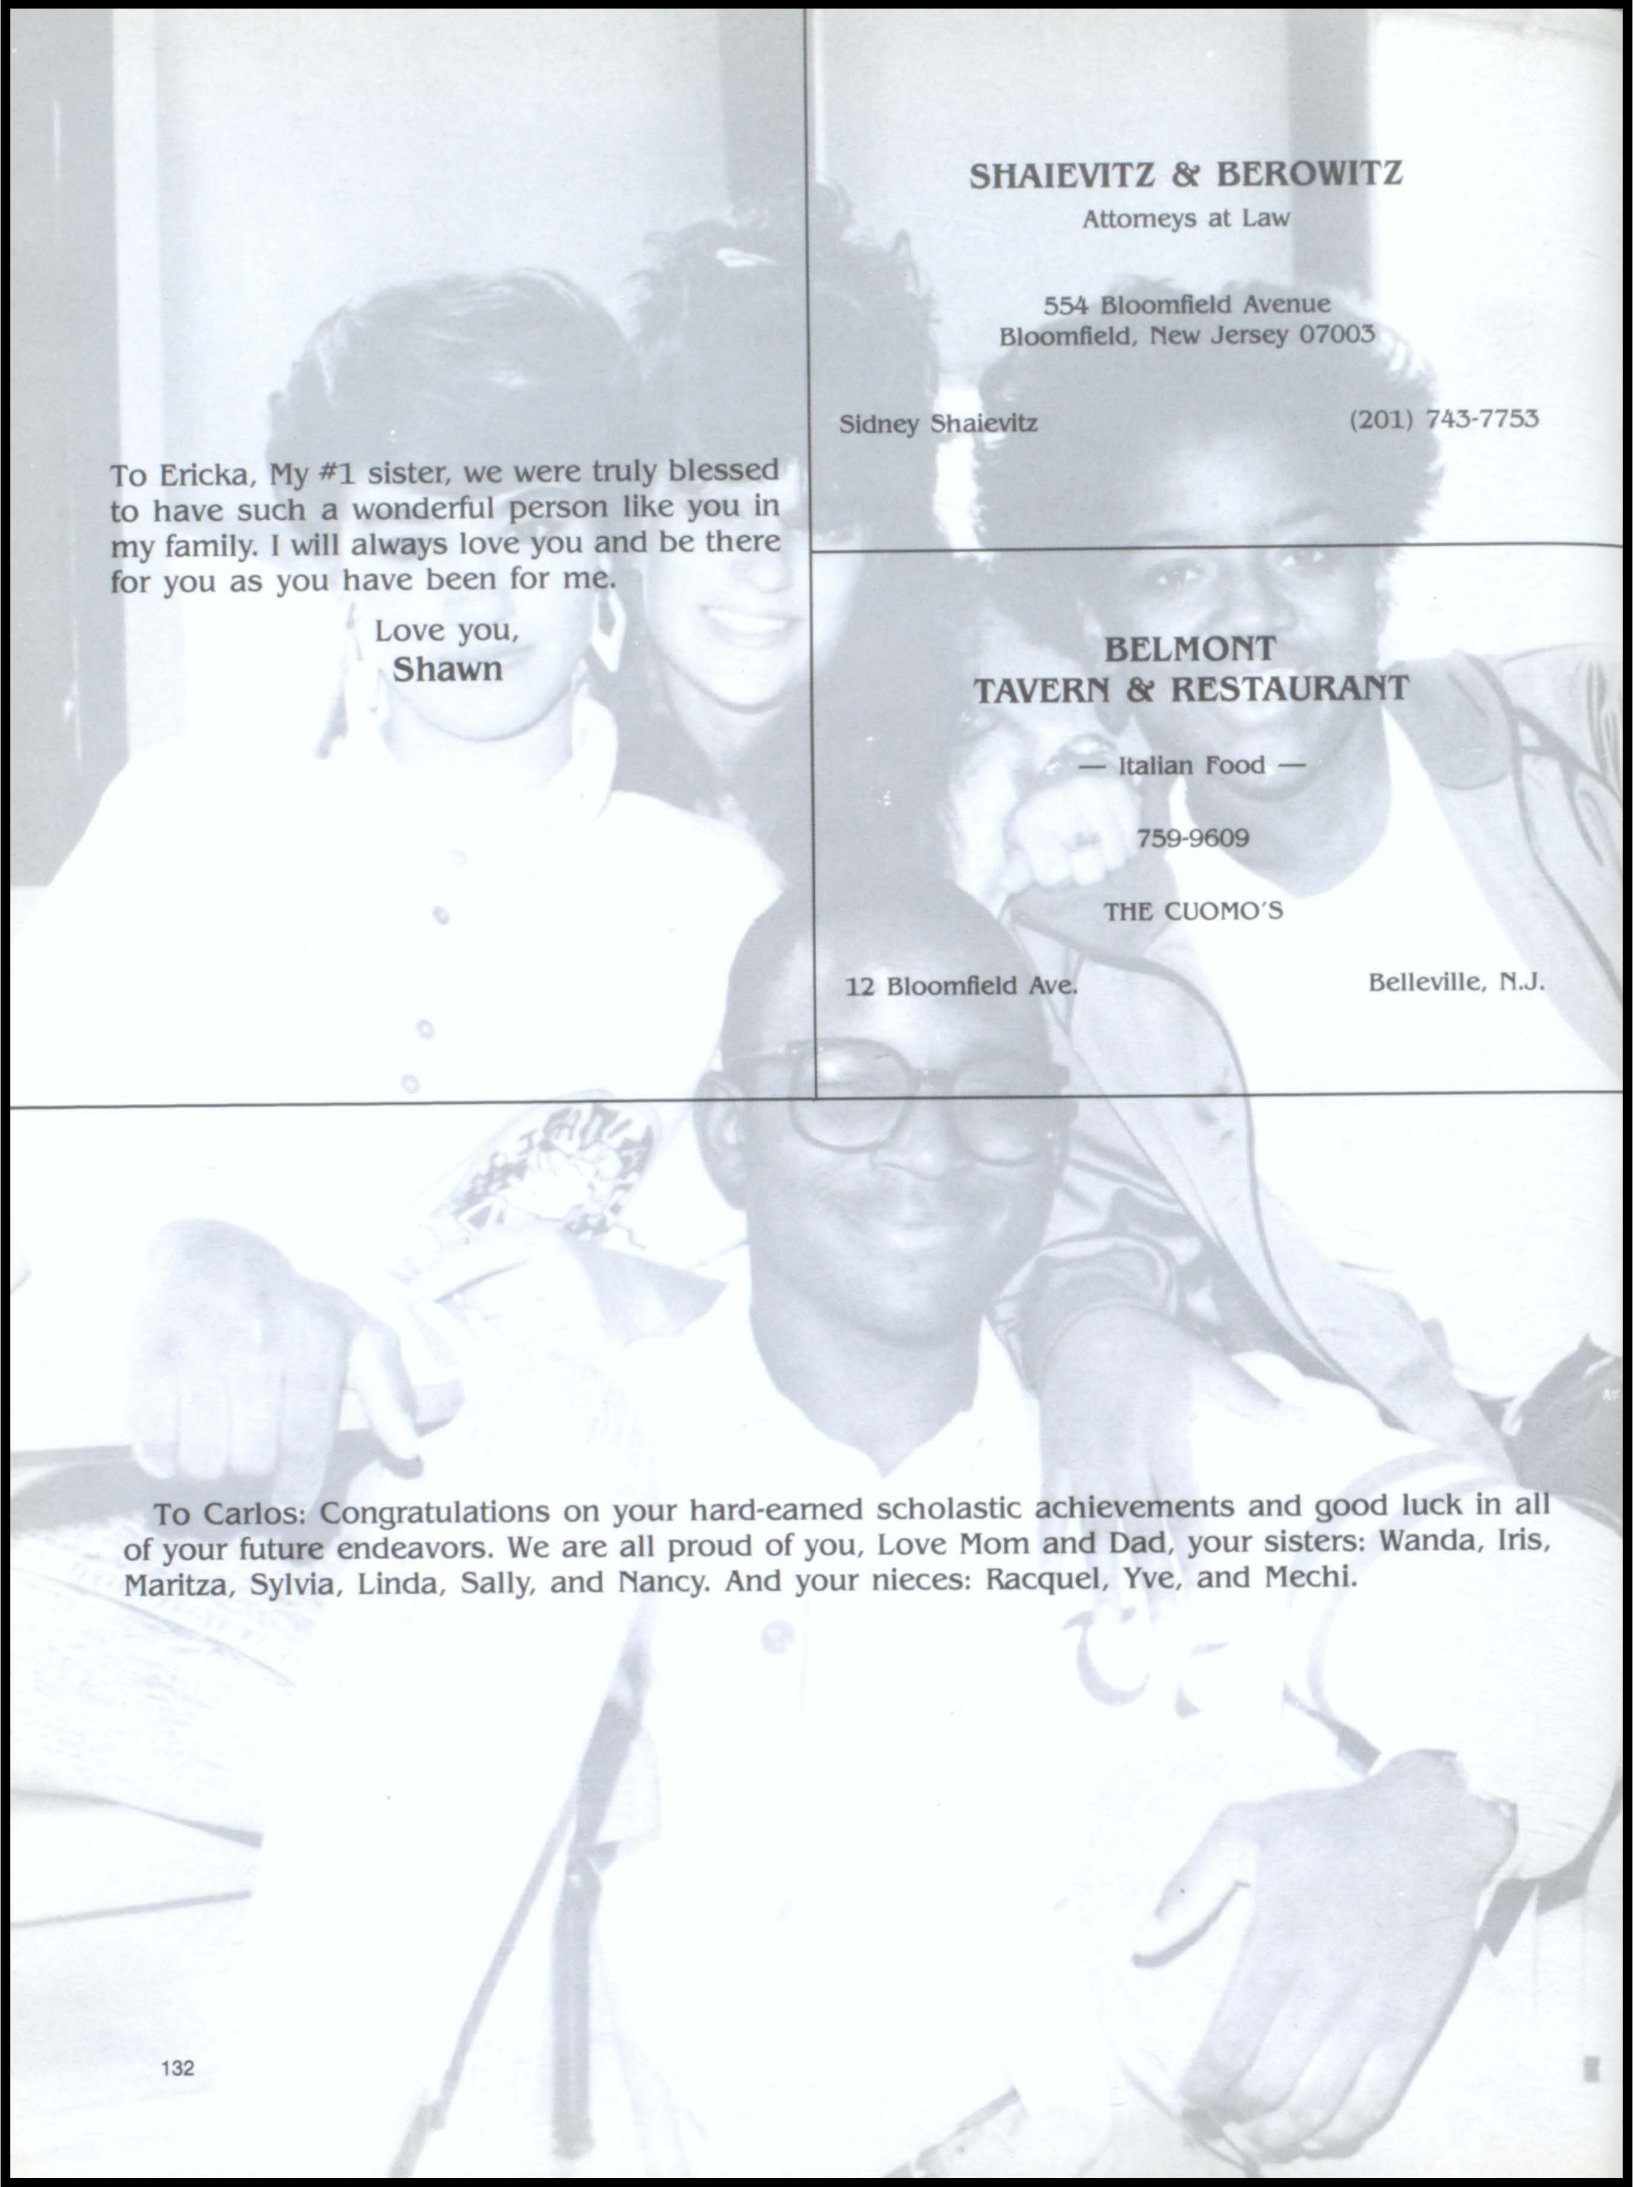

Now that I'm a big girl, you hold me even tighter and tell me everyday how much you love me. I can see it in your eyes when I listen to you with my heart.

Love is . . . being able to see you and understand you with my heart.

Mom and Dad . . . thanks for always being there when I needed you. It's because of you that, with pride, I stand like a winner!

## PROMISE YOURSELF

### To Angela

To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, to work only for the best and to expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.

### Love Allen

Dear Angela,

Wish I could spell out  
all my thoughts

In words so you could see

How many of them are of you,

Wish I could tell you, Sweetheart,

About the special way

A thought the special way

To each and every day,

But since I can't express myself

The way I'd like to do,

I've summed up all my deepest thoughts

in three words—"I LOVE YOU"

Love you

Always and forever,

**Mike**

Maria,

We are two different people. We have lives of our own and we have a life together. We do not belong to each other. We belong with each other. We each want the other person to be happy. We will try to meet the needs of the other person but we will not forget our own needs.

Things may not go smoothly. We will try to be patient, gentle, understanding, open and loving. We will give what is needed and more. We will take what is needed and no more. We will be faithful because nothing can be stronger or more important.

Each of us is a special human being. We will treat each other with respect. We are blessed with love. We will share it with a growing country and a growing family. We are friends and will remain friends. We are lovers and will remain lovers. We are together and will remain together. Life will have many surprises. We will grow through them. We will share life for years to come.

Loving you always,

**Papo**

## To My Special Friends

### Mayra and Maribel

Today, I wish for you all of the happiness that you so deserve.

I wish that all of your dreams will be fulfilled and that sunshine and laughter will follow you wherever you go.

I wish you all smiles, new adventures, new friends and success in everything you do. I wish you the best in everything to match the best in you.

And one more wish I have more for me than for you, I wish I could be there with you, Special friend, to see all of these wishes come true.

Love Always Your Friend,

**Maria Colon**

### ALMA MATER

In our hearts there is a picture,  
Shining bright and true,  
It's a picture of our high school  
Our dear gold and blue.

For your honor we shall struggle,  
On the road of fame,  
Gratefully, dear Essex High School  
Singing loud your name.

Though the years that go before us,  
Dim our memory,  
Recollections of our school days,  
There will always be.
