THREE SUSPENSION RULE

ERIC LOVE
PRINCIPAL

EMILY BONILLA
VICE PRINCIPAL

1. Only out of school suspensions will be counted for purposes of the “Three Suspension Rule”. According to the Code of Conduct lesser disciplinary procedures will be used when the nature and severity of the offense warrant such. Systems of progressive discipline will be employed when appropriate to allow students to modify their unacceptable behavior.
2. A parent conference will be held before any student receiving out of school suspension is allowed to return to school. At this meeting parents will be reminded of the three suspension rule and its implications.
3. After the second out of school suspension in a year, an Intervention and Referral Committee meeting will be held to help the student to change the student’s behavior. Again the implications of the third suspension will be reviewed at this time.
4. According to federal law possession of a firearm on school property will result in automatic return to sending district. Other offenses such as aggravated assault, arson or sale of drugs or a weapon in school could be of such a severe nature that students will be returned to the student’s sending district.
5. Since refusal to attend Saturday Detention results in a mandatory out of school suspension, it is important that parents encourage their students to attend this and other lesser disciplinary actions.

**** CUT OFF AND RETURN TO HOMEROOM TEACHER BY FRIDAY, SEPTEMBER 8th ****

I have read and understand the Three Suspension Rule and Code of Conduct of the Essex County Vocational Schools and will support the school administration in the implementation of this policy.
