Dr. Michael Pennella
Superintendent of Schools
Essex County Vocational
900 Bloomfield Avenue
Verona, NJ 07044

Dear Dr. Pennella:

Congratulations. Your three-year local district technology plan has been approved by the County Coordinating Council on May 4, 2010. As the New Jersey Department of Education designated authority, I have signed off as indicated on the County Coordinating Council Approval Form for Local District Technology Plan. Attached is the authorized form.

A copy of the approval letter and the approved technology plan should be forwarded electronically to the New Jersey Department of Education. Use the information at <http://www.nj.gov/education/techno/localtech/loctechproc.htm> to electronically submit your district's plan. If you have any questions, please contact Sue Sullivan at 609-777-4661.

To verify that your plan is approved, the department will list your district on their "Approved Technology Plans" website at <http://www.state.nj.us/education>. We encourage you to put your technology plan on your district web site and the department will link to it. To establish the link, contact the NJDOE Webmaster via e-mail at Doug.Moore@doe.state.nj.us.

Sincerely,

Dr. Lawrence S. Feinsod
Executive County Superintendent
