English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in 2017-18. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2017-18	98.5%	85.0%
12th graders taking SAT in 2017-18 or prior years	95.5%	72.2%
12th graders taking ACT in 2017-18 or prior years	6.7%	24.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	435	478	Grade 10: 430 Grade 11: 460	47%	62%

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Dual Enrollment Coursework - Participation

This graph shows the percentage students enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Mathematics Proficiency	75.07	15.0%
Graduation Rate - 4-Year	82.52	20.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Professional learning is offered using a combination of online and in-person workshops, including Safe Schools, in-district workshops, tuition reimbursement courses/programs, and out-of-district conferences and workshop opportunities for the various content area teachers and school/district leadership. Workshops offered are geared towards enhancing teaching and learning and addressing the social and emotional needs of students.</p>
 <p>Postsecondary Information:</p>	<p>In 2017-18, over 80% of the graduating students indicated that they will be attending a 4 or 2-year College, including Rutgers, Georgia State and Pace Universities and NJ Institute of Technology. Just over 13% indicated employment, 2.8% technical schools, with 3.9% indicating joining the military. Students are supported by attending classes before and after school, which prepare them for college entrance examinations such as SAT and ACT. There is also a Saturday instructional program, where students attend classes for up to 3 hours per day to prepare for Advanced Placement courses. To further facilitate students in transitioning to post-secondary endeavors, the web based platform Naviance is used. The program allows students to efficiently submit college applications, transcripts, school forms, recommendations and other documents. School counselors can also track the progress of individual students and communicate with students and parents.</p>

Student Supports and Services:

English learners and students with disabilities attend classes in the summer enrichment program, four hours each day for five weeks prior to the school year. Instruction is offered in math, ELA and STEM. Students also attend afterschool classes for an hour a day for four days during the school year. Supplemental instructional software such as Systems 44, READ180 universal and MATH180 are used. In addition, students are provided with support by the Intervention and Referral Services and Child Study Teams, Student Assistance Coordinator and instructional aides.

Student Health and Wellness:

We are committed to provide students with healthy, nutritious foods. Encouraging the consumption of fresh fruit, vegetables, low fat milk, and whole grains. Supporting healthy eating through nutrition education. Provide students with the opportunity to engage in daily physical activity.

Parent and Community Involvement:

Newark Tech has a functional Parent Teacher Student Association (PTSA) and an ESL Parent Advisory Committee consisting of a president, vice-president, treasurer and secretary. The body meets at least once per month to evaluate initiatives and discuss ways to improve community outreach and parental involvement. Parents take an active role in their children's education by following and monitor their progress using the web-based PowerSchool portal. They are provided with training in various areas such as using the Power School Parent Portal, HIB, Financial Aid, and state assessments. There is also a District Parent Advisory Council consisting of an executive member of each school, which meets at least three times a year. In addition, there are partnerships with businesses and community organizations such as Dorson Community Foundation that provide students and parents with educational and summer programs.

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers</p> <p>As part of our needs assessment, climate and culture surveys are conducted in the spring of each year. The surveys consist of questions that fall in various domains: Physical Environment, Teaching and Learning, Morale in the School Community, Relationships, Parental Support and Engagement, Safety, Emotional Environment, and Administration Support. The district solicits feedback from most stakeholders: students, parents, and staff. The feedback of the 2017-18 staff survey indicated a positive school culture, with the majority of staff indicating that they feel a sense of ownership and belonging to the school. Over 90% of all stakeholders indicated that there is a safe environment in and around the school, facilitating an environment conducive for learning. The majority of stakeholders also indicated that there are open lines of interpersonal communication, which are honest thus producing healthy, positive outcomes.</p>
 <p>Facilities:</p>	<p>Essex County Newark Tech was constructed in 1970. A new gymnasium was added in 2003. In 2014 the Technology Enhanced Active Learning Center (TEALC) wing was added to the main structure of the building. The school has central air conditioning and will undergo major renovations in 2019 in order to enhance the educational facilities in the Career and Technical Education (CTE) areas.</p>
 <p>School Safety:</p>	<p>Newark Tech has taken multiple measures in ensuring the safety and security of all its students and staff. Some of the policies and procedures implemented are as follows: Trained security guards from Gateway Securities, Partnering with local Sheriff Department to be present before during and after school and during any afterschool functions that draw in large crowds, established a school emergency/crisis planning team to develop procedures on how to respond to emergency/crisis situations, ensure all staff and students are aware of emergency procedures, school administrators are provided with two-way radios to communicate with school security personnel directly, conduct monthly security drills to test the emergency plans, videos surveillance around the school buildings to monitor/supervise common areas.</p>
